County is Declared Disaster Flood Area

Governor Includes 26 Counties in Sector Eligible for U. S. Aid

Madison county is among 26 Illinois counties declared a disaster area yesterday by Gov. Richard B. Ogilvie.

The governor's action will enable public agencies to recover through federal aid the cost of repairing or replacing "public property" damaged or destroyed as a result of interior flooding due to heavy rains in early July.

Specifically, the disaster declaration encompasses flood damage occurring between the period of June 29 and July 5, although aid for flood damage resulting later than July 5 as a direct result of the flood waters will be involved where agencies can prove the damage was caused by flooding of the June 29-July 5 period.

Col. Donovan Vance, director of the Illinois Civil Defense Department, through whose agencies all claims for public property damage must clear, told the Press-Record from Springfield this morning that the disaster relief program provides "no aid whatever" for the individual homeowner or private property owner unless that individual could qualify for loans under the U. S. Small Business Administration.

Complex Procedure
Farmers who suffered loss of crops or other losses through flood action may apply directly to the U. S. Department of Agriculture or the Small Business Administration for low-cost loans, but adjustment of funds for damage of public property will require a more complex procedure, Col. Vance said. A report fixing as nearly as possible an estimate of the overall flood damage must be prepared before the incident is notified of the governor's declaration, he explained.

When that report is completed, the President will be notified of the governor's action. The President, in turn, will declare the emergency, clearing the way for distribution.

UPSTREAM PADDLERS who went through the Chain of Rocks canal yesterday enroute from New Orleans to Minneapolis are Jim White and John Buettner, both 20 and college seniors from Minneapolis.

Canoeist Paddling Upstream From Gulf to Minneapolis

Reversing the usual "going along with the current" methods of canoeists on the Mississippi River, two college youths went through the Chain of Rocks canal and locks yesterday—heading upstream.

Enroute from New Orleans to their homes in Minneapolis are Jim White and John Buettner, both 20 and college seniors, who began paddling the "against the current" trek at New Orleans on June 8.

They expect to arrive home about Aug. 26.

Both youths were greeted and helped through the locks yesterday morning by the staff on duty, and during the brief interlude, said they had rough paddling during the extreme high water stages of June.

The toughest battle was with floating debris that slowed them to a mile-a-day for a brief period. They try to paddle 25 miles a day.

Accident on Campus
Two persons were injured when their auto struck a guard rail and rolled over several times on South University drive near Bluff road before 11 p.m. Tuesday on the Southern Illinois University-Southwestern campus.

Janice Vallat, 21, of St. John, Mo., received x-rays to the skull and spine and 17 sutures for a chin laceration and was referred to Barnes Hospital, St. Louis. Yolanda Rivera, 21, of Washington Park, suffered multiple abrasions to the left leg, was given x-rays and was released.

The Vallat girl was ticketed by campus security police for driving too fast for conditions and illegal transportation of liquor.

Gordon E. Boyett, 2175 Orville avenue, complained of pains after the rear of his auto was struck by a car driven by John H. Crow, 3013 National avenue, at 10:35 p.m. Tuesday at Nameoki and Edwardsville roads. Boyett was stopped for a traffic signal.

500 Sport Jamboree Contestants Arriving Today by Train, Bus

Colorful Ceremony Set Saturday for Awards Presentation

Hundreds of trophies and loving cups, arranged row upon row on the auditorium stage at Granite City high school, will greet Illinois Junior Sports Jamboree contestants to the annual awards ceremony which climaxes the two-day sports meet.

Starting at 1 p.m. Saturday, the victorious youngsters will receive their trophies from a host of officials as they enter the stage area through an archway of statuesque white Roman columns and colorful red, white and blue decorations.

Along with the bright display of awards, a sparkling personality guaranteed to draw all eyes to the auditorium stage will be Jean Noel Picard, the hard-checking popular defenseman for the St. Louis Hockey Blues.

Local Competitors

One girl and six boys, wearing athletic shirts of the Granite City Jaycees, will be local competitors in the Illinois Junior Sports Jamboree tomorrow and Saturday. All earned first place honors at the jamboree sectional meet in Alton on July 12.

Dale Williams, 2429 Kilbourne drive, wearing No. 810, will run in two junior boys' events—the 75-yard dash and with a 449-yard relay team.

Other members of the relay team are Larry Haddix, 6309 W. 10th street, No. 877; Mike Martinez, 2228 Alexander street, No. 828; and Jerry J. Sedberry, 2818 Edwards street, No. 829.

Jim Childers, 2332 East 24th street, No. 816, is entered in the intermediate boys' 220-yard dash, and Kirk Champion of 6 Frontenac lane, No. 841, will compete in the midget boys' baseball throw.

Robin Deterding, 2812 Idaho avenue, No. 862, is scheduled for the midget girls' baseball throw.

Assessed valuation to 10 cents for sewer maintenance. Last year, \$75,000 was levied for sewer maintenance and the new levy may hit \$400,000, if the council approves the 10-cent rate to cover sanitary sewer breaks.

Last year's total city tax levy, on which this year's tax bills were figured, amounted to \$2,164,718.

Council members, hit hard by complaints on this year's tax to begin crying "Mayday" last night that the new levy should be held down, despite their actions of last week in forging ahead with \$75 monthly pay increases when a \$35 pattern already had been set.

Street Supt. Warfield advised the city that sewer breaks were taking away his men for pumping a sewage around-the-clock and that he cannot respond to each alderman's whims for patching a hole in the street or fixing a sidewalk. "We've also spent 1502 hours hauling away brush and debris from the storms and we're not finished yet," he related, adding that vacations and illness also are cutting down the department's manpower.

The federal Housing and Urban Development agency informed the council of a final inspection of the \$3,000,000 storm sewer project on Sept. 3, also, the council was advised by A. H. Seebold Co., an asphalt contractor for sewer break repairs, that with new contracts with labor unions, the costs would be going up. Council members indicated they may seek new cost-plus bids.

State-Wide Contests To Feature 41 Events At GCHS Athletic Field

One of the biggest, noisiest and most excited group of youngsters ever seen in town is invading Granite City today for the 14th annual Illinois Junior Sports Jamboree.

Shouts and good natured yells heard from arriving buses echo the same sentiments—"We are going to win"—only the names of their home communities are changed with each chorus to fit the different arrivals.

Whether from the large metropolitan area of Chicago or the relative quiet of nearby Glen Carbon, which has one entrant, the competitors whose ages range from ten to 15 years are filled with anticipation, eagerly awaiting the start of the state-wide track and field meet which opens at 9:15 a.m. tomorrow

Quad-Cities Welcome Junior Athletes

Today's Press-Record is a souvenir edition for the 500 youngsters arriving for the Illinois Junior Sports Jamboree at Granite City high school today and tomorrow. Copies are being given to each youngster at the dormitories set up in the senior high and Coolidge junior high gymnasiums. A 11 Quad-Citians are invited to witness the events to be run off at the high school athletic field.

The Illinois Junior Sports Jamboree, co-sponsored by the Illinois Youth Commission and the Granite City Jaycees, is a statewide program for youth fitness and delinquency prevention.

More than 40,000 youngsters, boys and girls, initially competed in local meets in 205 towns, with those qualifying then participating in ten regional competitions.

Local Jaycees and their wives, the Jaycettes, have arranged accommodations, meals, recreation periods, supervision, instruction clinics, registration and the million-and-one jobs necessary for a successful program that encompasses 500 visiting youths and nearly 1000 parents and friends arriving with the youngsters.

Spectators are welcomed, adding that

Although the financial burden of the state finals, including all-expense-paid trips for each finalist, is borne by the Illinois Youth Commission to the tune of \$100,000, the Illinois Jaycees—overall responsibility for the jamboree event is in the hands of the Granite City Jaycees.

GC Council Preparing Record High Tax Levy

Authorized preparation of the annual tax levy ordinance during Monday night's council session, and property owners can expect another tax jolt next year.

The levy is to be based on a \$3,745,143 budget adopted last week—revised downward from \$3,912,000 because of a double adjustment, but still up \$1,200,000 to cover \$75 monthly pay boosts for city employees and \$826,000 for present and anticipated sanitary sewer breaks. (The official publication of the new budget, unsigned by Mayor Partney, appears elsewhere in this issue.)

Also authorized was preparation of an ordinance to boost this year's two-cent tax to \$100

assessed valuation to 10 cents for sewer maintenance. Last year, \$75,000 was levied for sewer maintenance and the new levy may hit \$400,000, if the council approves the 10-cent rate to cover sanitary sewer breaks.

Missing Checks Turned Up in Madison Arrest

The disappearance of a mail consignee of payroll checks from Chicago and how they came into the possession of 19-year-old St. Louis youth was being investigated by Federal authorities yesterday after Madison police arrested the youth when he tried to cash one of the checks in a Madison market.

Madison Chief of Police Emmett Piaz said Jerry Carr, 19, of St. Louis, was turned over to federal agents by Madison police yesterday along with 10 payroll checks of Western Hair Goods, Inc. which Carr produced following his arrest.

Carr, police reported, was arrested about 4 p.m. Monday in Schermer's Market, 1125 Madison avenue, where he attempted to pass one of the checks in the amount of \$75. A clerk became suspicious and called police who arrested Carr while he still was in the store. A 35-year-old St. Louis man who was with Carr fled when officers arrived, but was captured by police at Tenth street and Grand avenue.

Carr's companion, however, was released following questioning by Madison police and federal agents. Police said Carr told them his companion was in no way involved in an effort to cash the check.

Checks Not Delivered

Piaz said that after booking Carr, Madison police called the St. Louis store of Western Hair Goods, Inc., where they learned that the payroll checks had been mailed from the Chicago office to the St. Louis store, but never had been delivered.

Mearns, police reported, Carr told them that he had taken the checks from an unlocked money bag which was lying on the front seat of an automobile in downtown St. Louis Monday morning. He said he removed ten checks from the bag and had placed nine of them in a drawer at his home before going to Madison to attempt to cash the check. He said he had been told by a friend to "try Schermer's Market."

Madison police called Carr's family, and a sister brought the other nine checks to Madison police headquarters, officers said. Police then notified federal authorities. Madison officials said officials at the hair goods firm could offer no explanation of how the checks were intercepted in the mail, or how they would be where Carr said he found them.

The checks ranged in amount from \$12 to \$75, police said.

Carr was charged by federal authorities with unlawful possession of stolen mail. He was arraigned yesterday before U.S. Commissioner Ronald Mottaz at Alton and was released on his own recognizance pending action by a federal grand jury.

Millwright Leader Hurt in Fall at Mill

Woodward Fowler, 45, of 2309 Delmar avenue, was injured in a fall at 6:25 p.m. Tuesday while working at Granite City Steel Co.

A millwright leader he was attempting to free a cable on a small overhead crane when he lost his balance and fell 18 to 20 feet. Woodward was taken to St. Elizabeth Hospital, where he is reported to be in satisfactory condition, with a broken collarbone, contusions and abrasions to his right ankle, abdomen, two scalp cuts and contusions to his right shoulder, left ankle and left shoulder and arm.

In another accident Tuesday an employee of Granite City Steel Co., Philip Boyer of 1566 Rodger avenue, was injured while working at the river docks loading steel on a barge. He sustained bruises and a sprained left ankle when a lift of corrugated steel, weighing eight tons, fell and pinned his ankle.

The steel fell when a cable broke. He was treated at the hospital and released. He has to use crutches to walk.

Lake Park Bill Approval Urged

Gov. Richard B. Ogilvie has been requested by the Sanitation, Landfill and Pollution committee of the Madison county board of supervisors to approve the bill for state acquisition of Horseshoe Lake as a state park.

The committee, in a letter signed by Carl Buehler, Granite City assistant supervisor and chairman of the committee, told the governor that "we urgently need more parks near populated areas, especially with lakes for fishing. We ought to be planning ahead for open land around the congested industrial developments. Horseshoe Lake near Granite City, would be advantageous for both purposes."

At the same time, Donald Hastings, Illinois Conservation agent for Madison county, reported that because of publicity concerning possible acquisition of the lake by the state, Horseshoe Lake landowners are having difficulty with the public which already is assuming the right to use the lake for boating, swimming and fishing.

Hastings pointed out that this time the lake and surrounding land still is private and "there is no place on the Lake that any of these things can be done without the express permission of landowners." He said that because a person can enter the lake off of a public road or from a railroad track does not make it legal for them to utilize the lake itself.

The conservation officer said a person cannot legally fish in the lake without permission of an owner, even though he is standing on a public road. Many land owners are resorting to legal procedure and to arrests to eliminate trespassing, he said.

Chief Pazia Named Lions Zone Chairman

Emmett Pazia, chief of the Madison police department and secretary of the Madison Lions Club, has been appointed Zone Chairman for Lions International. It was announced today.

The appointment was made by Ronald Huscman, district governor of District 1-G, and marks the first time in several years that the Madison Lions Club has had a district officer on the staff.

As zone chairman, Pazia, who has been active in Lions Club work for 25 years, will give guidance and leadership to several Lions Clubs in Central Illinois.

Pazia served as president of the Madison Lions in 1954 and was Lion of the Year in 1953. He has maintained a perfect attendance record since 1952. He also holds the distinction of having recruited 100 new club members. He has attended ten International Lions conventions and several state conventions.

He is a native of Madison and has been a member of the Madison police department for 23 years. He is currently vice-president of the Madison-St. Clair County Chiefs of Police Association.

Levee Board Tightens Control

A new policy of subjecting all bills, financial reports, engineering matters and other business to final approval by the proper board committees was initiated by the East Side Levee and Sanitary district board of trustees in regular meeting yesterday.

The procedure was adopted, according to Morris Campbell, board president, to put board members in closer touch with all levee district business "so that we know everything that is going on."

Campbell said that under the previous system of permitting department heads to report only on matters which they thought needed attention frequently left levee board members unaware of situations that should have had board action. Hereafter, he said, all communications to all departments will be sent to the chief clerk before board meetings.

Communications, along with bills, claims and other matters, will be presented in open meeting. The board then will act upon the matters and refer them to various board committees for further study and final approval or rejection.

Approve Permit System
The board gave final approval in yesterday's session to an ordinance requiring builders and developers to submit construction plans and plats to the levee district for approval of arrangements for drainage facilities. The bill was placed on first reading by William "Mike" Ebersold, Madison county members of the board, last month.

The board presented the ordinance on second reading yesterday, advanced it to third reading under a suspension of rules and gave it final approval. The ordinance provides that the levee district will issue a permit for construction if the levee district engineers determine adequate drainage facilities are provided. The bill requires that "any map, plat or plan of construction which includes the construction, relocation of any road, street or way, or any construction affecting surface or stormwater drainage, and all subdivision plans or plans, pertaining to lands or structures... within the

levee district shall be submitted for approval. Ebersold introduced the ordinance as the result of flooding problems that resulted from what levee board members said was a disregard of drainage planning in the construction of many subdivision plans.

Payroll \$65,905
Under the board's new system of action on business matters the board approved a July payroll of \$65,905 and claims of \$39,220, subject to further study and final approval of the finance committee. A claim of \$13,385 by A. H. Seebold Co. of Granite City for pumping work in the Doherty slough area during recent flooding also was referred to the finance committee for final action.

The monthly treasurer's report, showing the levee district had a balance of only \$898 as of July 30, was referred to the finance committee, and the engineering report by Levee district Engineer Advir Kraemer was referred to the engineering committee.

The board also announced it will resume a practice of holding at least two meetings each month to take care of an increasing volume of work resulting from a number of emergency problems that have developed during the past few months.

Sewer Breaks Costly
Among these emergencies are a steadily worsening financial status and at least three major sewer breaks in lines maintained by the levee district. Board members have estimated temporary pumping and repairs will cost \$35,000 and no estimate is yet available concerning permanent repairs.

One of these breaks is in the Madison stormwater sewer line about 300 yards east of the Madison pumping station. The other two are in sanitary sewer lines in the Calumet and Calumet outlet near the treatment plant.

In other business yesterday the board agreed to a plan under which a drainage canal connecting Harding ditch in East St. Louis with Lake No. 2 at Holten State Park will be built. The Illinois Conservation Department has agreed to spend \$10,000 on the job. The levee district will provide equipment and the conservation department will provide the labor and supervise the channel construction.

'Y' Zoo, Museum Trip Still Open to Children
Area youngsters may register through Tuesday at the YMCA for an all-day excursion to the Gay Nineties Melody Museum in St. Louis, followed by a picnic and tour of the St. Louis Zoo in Forest Park, it was announced today.

The trip will take place Wednesday, with a chartered bus leaving the local "Y" at 9:30 a.m. and returning here about 4 p.m. Cost of the trip is \$1.50 for "Y" members and \$2 for non-members, with children asked to bring their own picnic lunch. Participation is limited to 40 persons, a YMCA official said.

Fire in Auto Press
Gasoline in an auto press caused a fire at Lipsett Steel Products Co., 2320 East 23rd street, at 3:45 p.m. Wednesday. Firemen were on the scene for 20 minutes. No loss was listed.

One-Way Street Change
Riley S. Keaton, 2611 West 22nd street, was charged with driving the wrong way on a one-way street at 11 a.m. Tuesday at 21st and State streets.

Area Birth, Death Rates Increase During July
Births and death rates increased in the Quad-City area during July, according to vital statistics compiled by Homer "Cal" Pendleton, Granite City clerk. There were 122 births, 41 more than in June and 23 more than in July of last year. Deaths totaled 50, or 26 more than in June and 19 more than in July 1968. Three stillbirths were listed for July, one more than in June, and up three from July of last year.

plenty of protection to his smaller mates. Preceding the noon luncheon Saturday, the Granite City Jaycees will host a reception for Picard and other dignitaries attending the Jamboree.

Those invited to attend the ceremonies include Granite City aldermen, local school administrators and elected officials, members of the Granite City park board, presidents of the three Granite city banks and Chamber of Commerce officers.

Five Special Awards
Five special awards, honoring the outstanding contestants and the most noteworthy community in the meet, will be presented at the start of the awards ceremony Saturday. It was announced today by Boyd Presley and Richard Dawdy of the Granite City Jaycees, co-chairmen of the 1969 state sports Jamboree.

The special trophies are being donated by the Tri-Cities Chamber of Commerce. Veizer commented, "Sixth trophy, donated by the Granite City police department, will be presented to the most outstanding local athlete participating in the Junior Jamboree, Police Chief Ronald Veizer announced.

"We believe the Jaycees and Illinois Youth Commission sports program is an excellent method of promoting youth fitness and also in preventing juvenile delinquency."

Peter B. Bessinger, chairman of the Illinois Youth Commission, will make the presentation to the boy and girl contestant chosen as "outstanding athlete" to the boy and girl selected for "outstanding sportsmanship," and to the community chosen as "outstanding city."

Normally, according to Oliver E. Swaim of Springfield, Jamboree coordinator for the IYC, awards go to youths who have distinguished themselves by winning first place in two or more events at the finals, or

MORE ABOUT State-Wide

The sportsmanship awards, which they are considered of equal merit, often go to youths who have performed exceptionally well, but have been gracious losers in a tie or close finish, Swaim explained.

Team points are not kept officially in the Jamboree, but each year certain communities are conspicuous by the number of contestants who survived local and regional competition to earn their way to the finals, in proportion to the size of the town.

"The city award is not judged on numbers alone, but on the general performance of the youngsters, and their conduct both on and off the field," the coordinator said.

Winner of the city award in the 1968 Jamboree, held in Granite City, was Liberty, the smallest town entered in the finals with a population of 250.

Liberty had an exceptionally well-trained girls' track team which walked off top honors, plus a 15-year-old contestant, Karen Sorrell, who set a new state record in the intermediate high jump and was named girls sportsmanship award winner. The tiny community, located near Quincy, had 12 entrants in the '68 finals.

Diversion, a town of less than 100 near Springfield, sent nine girls to last year's Jamboree and all finished near the top in their events, earning the community the 1968 city award.

Other communities winning city awards in recent years include Chicago, Evanston and Bloomington.

Limited to 2 Events
Each contestant is allowed to enter only two individual events—one track event and one field event—plus running on a relay team.

Judging of performance for the awards is a difficult task, requiring close observation of many top contenders. Before the selection is finalized, the judging committee makes inquiries of chaperones to the meet, as well as dormitory supervisors, to make sure that no streaks of selfishness or unsportsmanlike conduct mar the performances.

The judging panel will comprise members of the Jamboree rules committee, officials from the Illinois Jaycees and the IYC. Presley and Dawdy, both members of the committee, have excluded themselves from the selection panel, it was learned.

Direction Signs for Detention Home Stolen

Signs pointing the way to the new Madison county juvenile detention home at Edwardsville were stolen by apparent souvenir hunters who may become the home's first inmates if caught, according to James Reidelberger, county probation officer.

Reidelberger reported Tuesday that he had placed two signs on Highway 159 and Fifth avenue in Edwardsville about a week ago, and both were gone within a few days.

One of them turned up at Varzo's MRU tavern across the street from the county courthouse in Edwardsville, a "museum" of antiques, artifacts and oddities. Reidelberger was called by the proprietor to pick it up.

MORE ABOUT State-Wide

The journey here will be a treat for 900 of the youths who will travel, many for their first train ride, by a special GME&O train which will disembark at the Granite City depot.

Other competitors will come by bus. All will be greeted by Miss Granite City, Dottie Dewitt, and the runner-up titles, Lauren Kay Shelton and Constance Lynn Rottger. The girls will relay over and be a part of all Jamboree activities.

Watermelon Party Tonight
Many Quad-City area youths are expected to visit the Jamboree's get-acquainted party to night when 200 watermelons will be devoured while a local rock band, ironically named "The Saurington Route," will be playing.

The Jamboree will be officially opened Friday, 9:15-10 a.m. in the high school stadium. A 14-piece band from Musicians' Local 717 under the direction of John Fornazewski, will play.

Miss Granite City and her court will arrive by convertible, followed by the "Parade of the Athletes," carrying signs identifying 149 communities they represent.

Leading the parade will be a color guard unit, provided by Scott Air Force Base, near Belleville, followed by members of Boy Scout Troop 41, sponsored by Mitchell PTFA, who will raise the flag.

A torch-bearer will enter the stadium and light an Olympic-style pedestal flame which will burn for the duration of the Jamboree. The pedestal torch was designed and built by local woodworker for the Jamboree and it was last held here in 1966 and it has been used at every Jamboree since that time.

The torch bearer will be Gus Schalkham, local 100-mile runner and star of the SIU-SW cross-country team.

Balloon Release
Five-hundred helium filled balloons of different colors will be released and the American flag, hoisted at the National Anthem is sung by Miss Colleen Robertson, 2914 State street.

An invocation will be given by local Jaycee chaplain, William McAmish. Co-chairman of the Jamboree, Boyd Presley and Richard Dawdy of the Granite City Jaycees, will introduce the honored guests.

Welcoming the participants will be Stanley Noe, president of the GC Jaycees; Olin W. Stead, commissioner of the Illinois Youth Commission; Ron Riek, board chairman of the Illinois Jaycees and Mayor Donald Partney.

Stan Musial and state senator, Dr. Merrill Ottewill, will conduct the opening ceremonies with remarks to the competitors.

Red Schmitt and Experienced Staff to Run 41 Field Events

Hundreds of contestants milling about the immediate vicinity of a high school athletic field, plus an anticipated 1000 frenzied supporters yelling encouragement from the viewing stands may be expected to rule the most experienced meet official.

One thing is certain, however, no matter how boisterous the crowd becomes or intense the competition, little will stir the steady hand and eye of the man selected to run the Illinois Junior Sports Jamboree in Granite City tomorrow and Saturday.

William "Red" Schmitt, Granite City high school's most successful varsity coach, whose wrestling teams have caused palpitations in many fans over the past 10 years, seldom gets perturbed, even under the most exasperating or exciting circumstances.

The Jamboree, spotlighting the athletic prowess of nearly 500 youthful aspirants from all sections of the state of Illinois, will be no different.

Under Coach Schmitt's firm control, more than 40 officials, phases of sports meets, will direct the Jam-

boree contestants through 41 track and field events.

Red, as he is known, will serve as head track coach and starter of the two-day state championship meet, a task only offered to one whose stability has been proven time and again in numerous regional, state and local contests.

Coach Schmitt, beginning his 20th year at Granite City high school this month, has completed twelve seasons as the Warriors' wrestling coach. His teams have won 275 dual meets, lost only 23 and tied four.

Against teams within a 50-mile radius—this is, including the entire St. Louis metropolitan area of more than two million people—Schmitt-coach Warriors posted an even more incredible record, taking 133 straight wins between 1956 when the local squad was defeated by Belleville and the 1963 season when the team suffered a much-disputed 22-1 loss to Melville, Mo.

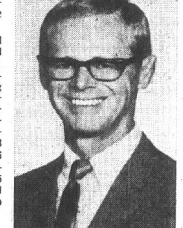

The Warriors produced no individual titlists. His mat squads have won 16 sectional tournaments, including 16 consecutive sectionals, a feat unequalled in the state, and every district tournament since the meet was introduced to the area in 1958.

The Warriors under his tutelage also have won the Southwestern Conference title every year since 1958, the season before competition on a league basis was revived. Overall, his teams have taken 64 championship titles, including invitational tournament wins.

A member of the Illinois High School Association's wrestling advisory committee, Schmitt is the only member ever to succeed himself (he has been seated since 1958) and serves as a rules interpreter for the IHSA.

Field Event Officials

Many Youngsters On 1st Train Ride

An extra special cargo of 200 excited youngsters and their adult chaperons, descending from a GMAO train about 4:10 p.m. today, will undoubtedly transform the usually deserted Granite City railroad station into a beehive of activity—a situation not experienced by the depot in several years.

The special stop, to be made by the GMAO train, has been arranged to permit easy access to the site of the 1969 Illinois Junior Sports Jamboree, scheduled to start at 9:15 a.m. tomorrow at Granite City high school.

Jamboree-bound contestants will be transported from Chicago, Joliet, Pontiac, Bloomington and Springfield aboard this afternoon's train will be transported from the local depot by buses to Coolidge Junior high school, where Granite City Jaycees, Jaycees and IYC personnel will be on hand to greet and register the youthful athletes.

STAN "THE MAN" MUSTIAL will speak encouragement to the Jamboree competitors during the opening ceremonies at GCHS stadium Friday from 9:15-10 p.m.

Registration Dates Set for SIU-SW

Open registration for the fall quarter at the southwestern campus of Southern Illinois University will be held Aug. 10 to 26 and again Sept. 3 to 22. Central registration is Sept. 24.

At southwestern campus, open registration is Monday through Thursday, 8:30 a.m. to 11 a.m. and 1 p.m. to 6:30 p.m. On Friday and Saturday, hours are from 8:30 a.m. until 11 a.m. Sept. 24 the hours run from 8 a.m. straight through until 6:30 p.m.

DAV Auxiliary Enrolls Member

A new member, Mrs. Mamie Waggoner, was initiated last night at a meeting of the DAV Auxiliary in the DA V Hall. Mrs. Rena Craycraft, senior vice-commander, was in charge, following the opening prayer by Mrs. Dorothy Best, chaplain.

Plans were made to send boxes to servicemen in Vietnam next month, and Commander James Miller and Junior Vice-Commander Richard Craycraft attended the meeting to ask for assistance in the "Forget-Me-Not" drive the first week in September. Mrs. Helen Miller will serve as chairman for the Auxiliary.

A letter was read from Mrs. Irene Hoelter, Department senior vice-commander, concerning membership, and plans were made for the next meeting Aug. 20.

RETURN FROM EUROPEAN TOUR

Mrs. Margaret Roberts and Mrs. Annabell Zang returned Monday from an extensive trip abroad by air, boat and bus. They left June 14 and visited Ireland, Scotland, England, Italy, Norway, Sweden, France, East and West Germany, Denmark, Norway, Switzerland, Holland and other countries.

MORE ABOUT County Is

tion of federal disaster funds through the Office of Emergency Preparedness.

Col. Vance said the governor's decision to declare the 26 counties of Illinois, all of them immediately along the eastern shore of the Mississippi river, followed surveys by a governor's task force last week. The group held a public hearing in Granite City and another near Belleville in St. Clair county. St. Clair county also is included in the disaster area.

In an effort to compile immediate estimates of flood damages in Madison and St. Clair counties, mayors, township officials and representatives of other public agencies are to meet tonight in the Civil Defense headquarters at Swansea.

William "Mike" Ebersold, Madison county member of the levee district, was meeting today with levee board engineers on cost estimates of three major sewer breaks that immediately followed the flooding. Ebersold said he is compiling a district-wide report of damage, based on information obtained from Mayor Patrick of Granite City and Nameoki township officials.

Federal funds will be made available under the disaster program for repair and replacement of such facilities as storm-water and sanitary sewers, drainage canals, streets and roads and public buildings.

Col. Vance said no specific deadline has been fixed for completing the overall damage estimate, since some areas of the 26-county flood sector still are under water and damage cannot be assessed until waters recede.

GC Teacher Local To Delay Football

The lack of an agreement between Teachers Local 743 and the school district may delay the start of football practice at Granite City high school. Such a delay also could alter the grid schedule, since the state requires a specified number of practice days before competition begins.

In a letter to the Granite City school board Tuesday, Robert L. Johnson, Local 743 president, said, "If a satisfactory working agreement between the board and Local 743 is concluded, normal coaching activities will be immediately resumed. It is hoped that such an agreement can be reached through negotiations beginning Aug. 22, as has been suggested by the union."

The Illinois State High School Association has authorized football practice to begin Wednesday, Aug. 20. The fall term of classes is scheduled to start Tuesday, Aug. 26.

Johnson told Board Secretary Donald Stucke, "After discussions with members of the coaching staff, Local 743 has established its position on pre-school coaching of athletic events."

"We have concluded that since coaches, like all other members of the teaching staff, have been included in our mass resignation, they will not be employees of District Nine during the week prior to the regularly scheduled opening of school."

"Therefore, since they are not employed during that period, they have been asked not to render their coaching services until a contract has been con-

MERITORIOUS SERVICE Medal is awarded Col. Robert L. Smith (right), assistant to the commander for Air National Affairs, at Bergstrom AFB, Texas. Making presentation is Maj.-Gen. William P. McBride, vice-commander of the 12th Air Force.

Col. R. L. Smith Gets Meritorious Medal

Col. Robert L. Smith, Reserve Forces Division of Headquarters 12 Air Force, has been awarded the Meritorious Service Medal at Bergstrom AFB for distinguished service as assistant to the commander of the 12th Air Force on Air National Guard Affairs.

The citation read in part: "Col. Smith's outstanding professional skill, dynamic personal leadership and devotion to duty achieved outstanding results in developing combat ready Air National Guard units under 12th Air Force."

Col. Smith entered the Air Force as an aviation cadet in 1942 and served in World War II, the Korean conflict and during the Berlin Crisis. The command pilot is a 1949 graduate of Southern Methodist University and is a veteran of more than 26 years of active military service.

He is a native of Mount City, Mo. and is married to the former Betty Veihl of Granite City, daughter of Mr. and Mrs. E. E. Veihl Jr. The Smiths have three children.

MORE ABOUT

Wounded Twice

good condition on board the U. S. Naval Hospital Ship, USS Sanctuary, stationed off the Vietnam coast after sustaining a gunshot wound to the right leg from hostile small arms fire which caused a leg fracture.

L/Cpl. Wallace is serving his second 12-month tour of duty in Vietnam. He was also wounded in the right shoulder by enemy rifle fire on June 2, 1967, during his initial tour.

Later, he sustained a severe hand injury in an accident with three other Marines as the foursome was disembarking from the U. S. Naval Hospital Ship Repose, where he had been recovering from the earlier injury. The hand injury, involving torn ligaments, was caused by a mishandled net on a rough sea which trapped the four men. The injury resulted in treatment and therapy over a four-month period at Great Lakes Naval Hospital.

The serviceman entered the Marines in March 1966. He first served in Vietnam from September 1966 to June 1967, and returned to the combat area the past June.

A second Billick son, Army Specialist Five Jimmy Ray Wallace, returned from Saigon, Vietnam, one month ago after serving overseas since October 1967. Sp5 Wallace departed Monday for Fort Polk, La., following a 30-day leave in the Quad-Cities.

Grandparents of the two servicemen are Mr. and Mrs. Charles D. Thomason of Patterson, Ill., formerly of the Quad-Cities, and Mrs. Martha Inksp of North Granite.

2-Week Summer Workshop on Jr. College Studies

The two-week summer workshop on the junior college curriculum has been set for Aug. 11-22 at Southern Illinois University-Southwestern campus, according to Professor Henry T. Boss, workshop coordinator.

The annual symposium for junior college teachers and aspirants will explore the skills, techniques, current and innovative practices and procedures of curriculum development, Boss said.

Four graduate quarter hours of credit will be offered for the course. It will be open to anyone who has taken the prerequisite course, Educational Administration 565, and has the consent of the instructor.

The workshop will meet daily from 8:30 a.m. to 4 p.m., Monday through Friday in the Peck Building, Room 303. Mornings will usually be devoted to sessions with visiting consultants and/or specialists, and afternoons to independent activities of workshop participants.

According to Prof. Boss, major emphasis will be on the improvement of curriculum development and related instructional concerns in the community junior college.

Resource consultants for the course will include Professors G. Robert Darnes, associate secretary for the Illinois Junior College Board; Henry Miland, dean of instruction at Meramec Community College in St. Louis; and Clyde Washburn, dean of occupational programs at Belleville Area College.

Open registration will be held Monday, Aug. 11, at 8:30 a.m. Illinois residents will pay \$33.50 tuition; out-of-state residents will be charged \$48.50.

RETIREE HONORED. Andrew "Scotty" McMillan, 2008 Cottage avenue, center, who retired this week after 47 years in the bricklaying trade. He was honored by Local 65 President Arthur J. Evenden (right) and Paul Zupan, business agent.

Bricklayer's Local 65 Honors Scotty McMillan

Andrew McMillan, a Scotsman who still retains a good share of Scottish dialect in his speech despite 45 years in the U.S., was honored Monday evening by Bricklayer's Local 65 upon his retirement from the brickmason trade after 47 years.

McMillan is a past president of Local 65. He also served as vice-president and trustee of the local union and as president of Bricklayer's Local 41 of New York City in 1940. He has been employed the past 21 years at Granite City Steel Co.

A native of Glasgow, Scotland, McMillan came to this country in 1924. He returned to his former home for visits in 1960 and 1966, and hopes to make his next overseas trip to Australia to visit his brother, Alexander, whom he has not seen for 47 years.

"Scotty," as he is widely known, resides with his wife, Elizabeth, and their daughter, Nancy, at 2008 Cottage avenue. The couple has three other married children and four grandchildren.

Local 65 members presented the retiree with a television set, a cash gift and a large decorative cake Monday evening at the Knights of Columbus hall.

Taxicab Strikes Auto

A taxicab driven by Curtis E. Dubois, 2010 Sixth street, Madison, struck the rear fender of an auto driven by Russell V. Lockridge, 2112 Manley avenue, about 3 p.m. Tuesday at 24th and Benton streets. The Lockridge auto came to a halt on the 24th street parkway. Dubois was charged with a right-of-way violation with a stop sign present.

Auto Wing Broken

Vernon Allen, 2038 Washington avenue, reported at 6 a.m. Wednesday that someone broke the right wing window of his 1969 auto while the car was parked on a lot at 16th street and Madison avenue between 4 p.m. and midnight Tuesday. Nothing was missing.

Discuss Proposal for Public Water System

A proposal for development of a publicly-owned water distribution system to serve communities from north of Alton to south of East St. Louis, including the Quad-City area, will be presented for consideration to the Granite City council, it was reported in a committee discussion of the plan at the Venice city hall Tuesday night.

The plan has been advanced by the Venice city council which is arranging initial surveys of the feasibility of the project through discussions with officials of other cities in the proposal, Morris said. Further meetings will be arranged with officials of cities in the northern part of the county, including Alton, Godfrey and Wood River.

Riding Mower Damaged

Daniel Monroe, 2234 Cardinal avenue, reported at 12:15 p.m. Tuesday that someone entered his garage and damaged a homemade riding lawn mower. They also placed dirt in its gasoline tank.

mer and Charles Moerliet of the Granite City council, and with representatives of the Mitchell Public Water district.

If Granite City endorses the proposal, Morris said, further meetings will be arranged with officials of cities in the northern part of the county, including Alton, Godfrey and Wood River.

Mrs. Virginia Hobe was crowned queen of the month and Mrs. Janet Allen was crowned queen of the week Tuesday evening as members of the Ship Shape Tops club met at Schermer's Civic Center.

Mrs. Yvonne Passig opened the weekly meeting with the pledge of allegiance to the flag and the Take Off Pounds pledge in union. Mrs. Marie Bryant recorded weights.

Mrs. Barbara Krohn, Mrs. Betty Allen and Mrs. Bryant received charms for weight loss.

Each member read low-calorie recipes she had tested and found to be good. The recipes were exchanged among those wishing to try them.

Others enjoying a singalong were Mesdames Jackie Gating, Lorraine Gremmer, Hazel Trotts, Pat Perowsky, Patricia Lee, Elizabeth Bucher, Juanita Harrington, Shirley Kingsley, Geneva Hill, Thelma Black, JoAnna Collett, Kathy Dohal, Beverly Lindsey, Olga Vizer, Alice Baumberger, Wilma Large, Charlotte Irvin, Elaine Sova, Martha Ripple and Helen Townes.

RETURNS TO SOUTH

Mr. and Mrs. John Dougher and daughter, Chris, of Bay St. Louis, Miss, and Mrs. Walter Hoekstra of Mission, Tex., arrived in Madison and Mrs. Hoekstra went on to Belleville to visit her brother and other relatives.

Mrs. Dougher and daughter spent time visiting Mr. and Mrs. George Hommert and daughters, Marlan and JoAnn, and Mr. and Mrs. Hilbert Hoekstra of Madison. Other relatives and friends were visited before their return home Sunday.

Mrs. Dougher is a sister of Mrs. Hommert and of Hilbert Hoekstra.

Models Chosen For Style Show

Mrs. Pat Kalpis, chairman of the Newcomers club's Aug. 20 luncheon and fashion show, "News in Fall Fashion," has announced a partial list of the models. They will include Mrs. Donna Jones, Mrs. Gloria Tanner, Mrs. Judy Pifer, Miss Charlotte Tapp, Miss Betty Warren, Miss Cherie Chapman and Miss Kim Kalpis.

The show will be held at the 300 room of Tri-Mor Bowl and will feature fashions from Stefanie's, Rich's and Libson's. Hair styles will be by Unique Hair Styles and Wig Shop, under the direction of Mrs. Betty Scarsdale and Mrs. Bonnie Watson.

Models will be under the supervision of Mrs. Kalpis, a professional model and modeling instructor who has worked in St. Louis and Edwardsville. Arrangements have been made with Petri's for a hot chicken and beef luncheon to be served.

Tickets at \$2.50 are available from Mrs. Sarah Tabor, 931-2138 or from any member of the club.

Mrs. Edmee Barrs will be commentator, and there will be a comedy program by Mrs. Dee Kleib.

MISS MARTHA WYLIE. Her engagement to Larry Bridges is announced.

Breakfast Coffee For Depot Wives

A "breakfast coffee" for members of the Officers and Civilian Wives Club was held Wednesday morning at the Granite City Army Depot.

A watermelon basket filled with cantaloupe and melon balls served as the table centerpiece. Hostesses were Mrs. Brian Ireland, Mrs. Gary Roberts and Mrs. Thomas Burns.

Mrs. Jamie Hamrick, president, presided, and presented the budget for the coming year. She also announced a membership tea on Sept. 17.

Guests who are eligible to become new members and in attendance at this meeting were Mesdames George Atkins, Charles Glave, Victor Buttner, William Young, John R. Mercer, James Cook and Alfred Beyer.

GC Problems Include Weeds, Bugs, Trash and Dead Fish

Johnson Named Assistant State School Supt.

Joshua Johnson, former administrator in the Madison school system, has been appointed as assistant superintendent of public instruction by Ray Page, state superintendent.

Johnson, who now resides in Springfield, will be in charge of the division of instruction effective Aug. 16. He joined the state staff as director of the department of equal educational opportunities last November.

Auto Battery Stolen

William McGowan, 1501 Kirkpatrick Homes, reported at 7:30 a.m. Wednesday that when he tried to start his 1963 auto on the parking lot at the housing project, he discovered that someone had stolen the battery during the night.

Weed, mosquito, dead fish and trash problems were aired by Granite City aldermen during Monday night's council session.

The city inspector's department was instructed to enforce the city's weed law at several locations along Edwardsville road, and the state highway department is being asked to cut weeds along Federal Aid Route 151 in the 3600 block of Cedar street.

Alderman Green asked City Atty. Scroggins to follow up on a hearing date for a feed complaint warrant filed against Reeves Concrete Co. in North Granite.

Another 20-hour contract with R&H Spraying Co. was authorized by the council at the request of Alderman Dallas, chairman of the Sanitary committee, to supplement the regular city insect fogging machine operations.

Dead Fish in Fields
Davies complained that the area of Dobrey slough has become a haven for mosquitoes and that efforts should be undertaken to spray fields and the ditch where water from Dobrey slough is being pumped.

"There are fish in Dobrey slough and they're being pumped into fields and the ditch and are beginning to smell," he told council members.

Alderman Boker complained that garbage, along with trash, is being thrown in the alley between Woodlawn avenue and Miracle Manor. He suggested the street department clean up "the filthy, rotten mess" and that Nameoki township be notified of the condition.

Dallas replied that it would be necessary for the city to "catch them in the act" in order to press charges against individuals dumping garbage in the alley.

He added that the city's trash collection contractor was not windows is needed to prevent picking up grass clippings in boxes along Primrose avenue, at that he was receiving complaints.

In answer, Dallas said the contractor is picking up grass clippings if the containers can be picked up and handled by the regular crews.

Boker also complained that exterior painting of city hall windows is needed to prevent decay. "Have any of you looked at them lately?" he asked the council members.

Mayor Partney replied that no funds were included in the budget for painting.

Boker replied that if the painting is not carried out, repairs to windows will be more costly.

Vrabec Is Parents Of First Child, a Girl
Mr. and Mrs. John M. Vrabec, 1205 Meridian street, are announcing the birth of a daughter, their first child, Tuesday at St. Elizabeth Hospital in Belleville. The infant, whose weight was seven pounds, six ounces, has been named Vicki Lynn.

The grandparents are Mr. and Mrs. Robert Nyler of Troy, and Mrs. Rose Vrabec, 1218 Meridian street, Granite City.

Plates Net State \$26,294 Road Checks on Truck

Road checks throughout the state on the day following the July 31 deadline for displaying the new fiscal year license plates on trucks and other second division vehicles netted \$26,294 in license fees, the office of Secretary of State Paul Powell announced today.

A total of 1593 trucks were checked, 102 arrests were made and 60 sets of plates were sold. Ninety-nine of the arrests were for improper registration, two for fictitious plates and one for failure to have the identification card on the person of the driver or in the cab of the vehicle.

Speeding Charge Filed

Betty A. Pasley, 2709 Dale avenue, was issued a speeding ticket at 1 a.m. Wednesday at 19th street and Madison avenue.

Fireman Injured when House Porch Gives Way

Granite City firemen were busy responding to six alarms Tuesday and Wednesday, and one of them was injured.

Fireman Robert Sanders injured his left leg when a porch gave way from under him at a fire at 2800 Cayuga street where a four-room frame house was ablaze at 3:20 a.m. Wednesday. The house was vacant and it had been condemned for highway purposes. It was believed the fire was set by youngsters.

Damage was estimated at \$35 to an electric motor on a washing machine at the garage apartment of Adolph McDaniel, 2560 Madison avenue, at 1:35 p.m. Tuesday.

Firemen were called to the 25th street rail crossing at 10:50 p.m. Tuesday as a Norfolk & Western Railroad flat car was on fire. They were at the scene 35 minutes.

A burning pan of grease on a stove at Ray's Donut shop, 2400 Iowa street, caused minor smoke damage at 11:30 a.m. Wednesday.

Parking Lot Accident

Autos driven by William T. Noud III, 2616 State street, and Marvin G. Hawkins, 4025 Braden avenue, were involved in an accident at 9:10 p.m. Tuesday on the parking lot at the American Village shopping center.

Truck in the basement of a razed building at Edwards and Henry streets caught fire at 2 a.m. Wednesday, keeping firemen at the scene for 15 minutes.

HOME FROM CALIFORNIA

Mrs. Donald Voorhees of Medora, Ill., mother of Mrs. Richard Barrett, 80 Shirwin drive, was a guest at the Barnett home during the weekend.

Mrs. Voorhees was enroute home after having spent three weeks in California. She made the trip west to attend a golden wedding anniversary celebration honoring Dr. and Mrs. Van der Voort, her late husband's brother and sister-in-law, of Los Altos.

She visited other friends in San Francisco and traveled to Los Angeles, where she visited Mrs. Warden Lang and Mrs. Robert E. Miller, formerly of East St. Louis.

The Barnetts drove her to Medora after her visit here.

Mr. and Mrs. Edward Rakowski Jr. and their daughter, Kathleen, 69 Karen drive, and Mrs. Rakowski, 80 East St. Louis, returned home late Sunday evening from a weekend trip.

They visited the Rockwood Gardens in Arcola, Ill., an Amish community, and toured points of interest in Springfield. They also went to Champaign, Urbana.

RETURN TO KENTUCKY

Mr. and Mrs. Robert C. Bridges, 3405 Franklin avenue, were hosts this weekend to his mother, Mrs. Myrt Bridges, and his nephew, Clyde Bridges of Cadiz, Ky.

Mrs. Bridges and her grandson made the trip to see an other grandson, PIC. Dwiner and Art Orphan, who leave from the Marine Corps.

They also visited a granddaughter and her father, Mr. and Mrs. Lynn Hester and daughter, Amy LeAnn, 64 Karen drive.

They returned home Sunday evening after having spent the day, along with the Bridges and Hester families, as guests of Mr. and Mrs. Steve Kozar and daughter, Linda, at Holiday Shores near Edwardsville.

\$11,196 Insurance Bid To Housing Authority

The Granite City Housing Authority on Tuesday night accepted an \$11,196 bid on fire and extended coverage insurance for three years on all Kirkpatrick Homes and The Anchorage apartments.

The bidder was MFB Mutual of Cleveland, O., and the award was made subject to ratification at the Housing Assistance Administration regional office in Chicago. There had been extensive efforts to alert prospective bidders, but no other bids were received.

Bids on Kirkpatrick exterior painting are to be opened Sept. 2, and the annual meeting of the Illinois Association of Housing Authorities is to be held Sept. 18-19 at Springfield, Ill.

DINNER MEETING OF MISSIONARY SOCIETY

The Women's Missionary Society of Emmanuel Baptist Church met Tuesday evening at the Bethalto airport restaurant for a dinner meeting. Prayer was offered by Mrs. Doris Fox and the president, Mrs. Edna Stagner.

Committee reports were given by Girls Auxiliary leader, Mrs. Fox; Sunbeams director, Mrs. Donna Covington; and mission action chairman, Mrs. Estella Lewis.

Mrs. Fox gave the devotional, "Do I Only Give God My Leftovers?" Mrs. Nancy Honnold and Mrs. Betty McCallin assisted with the program and a play given in conjunction with it.

The next meeting will be Sept. 9 at the church.

SLENDERETTES MEET

The Future Slenderettes club met Tuesday night at the levee office with Mrs. Peggy McGee presiding. Weighing was conducted by Mrs. Janet Davis and Mrs. Christine Ersparner.

Plans were made to attend Area Recognition Day Oct. 11 in Springfield, Ill. A club banner is being prepared for presentation there.

"Queen of the week" title was won by Mrs. Ersparner, who was presented a basket of fruit by the club members and a prize. Other attendees were Mesdames Muriel Byrnes, Dorothy Luckert, Kathy Buckner, Helen Wilson and Margie Fichter.

BIRTHDAY CAMPOUT

Laurie Corcoran celebrated her 12th birthday Tuesday evening at a "Birthday Campout" at the home of her parents, Mr. and Mrs. Kelly Corcoran, 2204 Stratford lane.

Guests were divided into teams for a neighborhood scavenger hunt, and prizes were presented to winners. Several other games also were played, and prizes were awarded.

Decorations for the party, held on the back lawn, included a banner as a greeting for Diane Runge, who recently returned from a two-and-a-half month vacation trip.

A late lunch of "poorboy" sandwiches and potato chips was served, followed by watermelon. Dancing and music prevailed for the remainder of the evening, and guests camped out in the family tent.

MISSION GROUP MEETS WITH MRS. SIMPSON

Mrs. Florence Simpson, 2621 Edison avenue, entertained the Current Missions Group of Third Baptist Church Tuesday. Mrs. Ruth Hopkins presided and announced that the group will prepare ditty bags for the Red Cross to distribute at Christmas to servicemen in Vietnam. The call to prayer was led by Mrs. Simpson.

Mrs. Wynita Keltner, who has been elected as president of the Evening Women's Missionary Society, was in charge of the program, "Transplanted Disciples, Known as the Christian Service Core."

Other members present were Mesdames Thelma Peterson, Allie Smith, Nancy Taylor and Helen Carrington and Miss Lorenna Shirley.

The September meeting will be held at the home of Mrs. Smith, 2631 Iowa street.

Mrs. Hermine Fischer, 73, Dies at Scott AFB

Mrs. Hermine (Schwase) Fischer, 73, of 2024 Pontoon road, succumbed to cancer at 4:30 a.m. today at Scott Air Force Base Hospital, near Belleville. She had been ill since January and hospitalized on several previous occasions.

Born in Grulich, Czechoslovakia, Mrs. Fischer had resided for many years in Germany before coming to live with her daughter in Granite City about one year ago. Her husband, Emil Fischer, died in 1963.

She is survived by her daughter, Mrs. Harmon (Anna) Little of the Pontoon road address; and five grandchildren. Funeral arrangements are given in today's obituary column.

Beautification of Main Route Here By Groups Voted

A beautification program for the Broadway-Madison avenue-Nameoki road thoroughfare and part of East 23rd street west of Nameoki road was approved by directors of the Chamber of Commerce of the Tri-Cities at their August dinner Tuesday evening at the Rose Bowl.

The project is to be coordinated by the Chamber's Women's Division, with various Quad-City organizations supervising specific planting and other beautification steps at various locations along the principal traffic route. Next Women's Division meeting will be Aug. 11 at Sunset Hill Holiday Inn.

President C. E. Blankenship presided and there were reports by Vice-President H. T. Terrell and Treasurer Melvin C. Wilmsmeyer.

Warren L. Decatur, chairman, said the Education Committee has conferred with both the Granite City school district and teachers' federation and they agreed to help in their mutual agreement and begin the fall term.

Flags for 3 Cities Under arrangements by the Image Improvement Committee, individual city flags are to be prepared for Granite City, Madison and Venice, with high school students in the three municipalities submitting designs. Awards will be given for the best flag designs.

Illinois constitutional convention delegate candidates will be interviewed by panels at a public meeting Wednesday evening, Sept. 3, at SIU-SW. It was announced.

Donald C. Adams, chairman of the Board of Law and Order Committee, said expanded juvenile services are being developed by police and the Coordinated Youth Services. It was noted that an annual scholarship has been provided as part of the Lloyd "Curly" Harris award program established by the Chamber and SIU-SW.

Stanley N. Jaynes, president, reviewed the Illinois Junior Sports Jamboree being held here tonight through Saturday, and the Chamber board voted to participate in providing trophies and awards.

Howard W. Kaseberg said a nationally-known speaker is being obtained for the annual Chamber meeting in October. Annual election of directors will take place in September, and the next board meeting will be held Sept. 9.

Johnson-Clark Mishap

Autos driven by Gary W. Gaines, 2805 Yale drive, and Kathryn A. Trotter, 2717 Washington avenue, were involved in an accident at 9:10 p.m. Wednesday at Johnson road and Clark avenue.

Outing for Y's Men

The Tri-City Y's Men and their families will assemble near the Lee Park tennis courts in Venice at 1:30 p.m. Saturday for a trip to Grant's farm in St. Louis county for a 3 p.m. tour.

GRANITE CITY'S 14TH SEWER BREAK discovered Monday in the rear yard at Numeok grade school where a crew from A. H. Seebold Co. was black-topping a section of the school yard. Several other breaks have occurred in the sanitary sewer lines in that area. Immediate repairs were ordered to get the work done before the start of school.

State Hospital Expands Staff

Dr. Abraham Simon, superintendent of Alton State Hospital, announced today that three mental health professionals have been appointed to both hospital staff, and to the Mental Health Zone VII Administration office.

The newcomers include a husband-wife team, Psychologist George Josse, Ph.D., who is the program director of the St. Clair-Monroe counties unit; and his wife, Mrs. Jane Josse, Ph.D. in Special Education, who will be director of children's programs, for Mental Health Zone VII, of which Dr. Ivan Pavlovic is director. The third member is Dr. Edward Scott, who joined the medical staff at Alton State.

Josse formerly served as Southern Subzone Administrator of Mental Health Zone VII, which covers five of the southern-most counties in Illinois, with headquarters in Cairo. Prior to serving in this position, he directed various professional programs at Anna State Hospital from January 1961. He completed his Ph.D. in Psychology in 1963, at SIU, Carbondale.

Mrs. Jane Josse, Ph.D., formerly served as Special Education Coord., for the Southern Subzone of Mental Health Zone VIII. Mrs. Josse received a Ph.D. in Special Education from SIU, Carbondale, in 1963.

Dr. Edward Scott served the past two years at Anna State Hospital as chief of Medical Staff. He began serving on the medical staff there in 1963. Dr. Scott was born in Gibson City, Ill., and is a graduate of Loyola Medical School, Chicago.

Following an orientation period at Alton State, Dr. Simon said, he would be assigned to, as staff physician,

Schumpff, RR 1; Walter Pelker Jr., E. St. Louis; Linda Sumers, 2301 Madison; Lucy Whitford, 2404 Dewey; Coral Demary, Collinsville; Judith Freeman, 2047 Park; William Sullivan, 2525 Ivy; Lucille Schaefer, R 1; Woodward Fowler, 2209 Delmar; Marvin Stult, Apt. 15, Garesche, Madison; Elizabeth Whaley, Alton; Mildred Fehling, 3732 Fair Oaks; Elisa Smith, 1022a Logan, Madison; Lorene Antoine, 1512 Sixth, Madison.

Patients discharged Tuesday were:

Michael Adams, 2104 Miracle; Anna Britz, 2102 Dewey; Gwendolyn Cagle, 2427 Washington; Sandra Gibson, 1728 Edison; Mary Harnd, 1023 Grand; Madison; Jenny Huey, 2031 Sixth; Madison; Jason Jolly, 2541 Ivy; Ray Lane, Clinton, Ill.; Virginia Peach, 1800 Second, Madison; Fred Ray, 2426 Madison; Cheryl Selph, 2035 Bryan; Christine Smith, 2459 Cleveland; Vanetta Stavelly, 2217 Terminal; Ira Stephens, 422a Madison, Madison; Michael Topal, 1510 Fifth, Madison; Margaret Wahrenburg, 2904 E. 24th; Paul Zimmer, Edwardsville.

Baptist Youth Retreat Set for Mitchell Grounds

Mrs. Charlotte Moeller, youth director of Grace Baptist Church, is announcing a mid-summer retreat to be held at the Baptist grounds in Mitchell August 22-23.

The Friday night (Aug. 22) services will start at 7 o'clock with a Hootenany song service, an inspirational message, a motion picture and a campfire service. Saturday's seminars will run concurrently from 10 a.m. to noon and 1 to 4:45 p.m.

For those spending Friday night at the grounds, registration for tents may be made with Grace Baptist Church by Aug. 17 with a fee of \$3, otherwise there will be no charge and those attending may leave after the campfire service and return Saturday morning for the seminars. There are no facilities for remaining over night unless those attending have their own tents. No tent registrations can be accepted after Aug. 17.

The featured guest speaker will be Robert Lauer, a professor at SIU-SW who currently is teaching social psychology at Washington University. He will speak at 8 p.m. Aug. 22 and will hold a seminar the following day on "The Church and Social Problems."

Mr. Lauer holds a BS degree in Electrical Engineering from Washington University; a PhD degree in Theology from Southern Baptist Theological Sem-

inary in Louisville: a MMA in Sociology from SIU and presently is working on a PhD in Sociology at Washington University. He has also served as pastor of Salem Baptist Church in Florissant, Mo., for 10 years, and has had more than 100 articles published in Christian magazines.

Rev. David Richardson, assistant pastor at Third Baptist Church, will serve as music director. He was recently ordained as a minister. His "Tall It As It Is" choir will be presenting several numbers and he will sing several solos.

An outstanding folk group from Jackson, Tenn., known as the "Us and Them," will be guest artists and after the service there will be a break for refreshments at an available stand. The motion picture "Flip Side" from Gospel Films will be shown and immediately afterward there will be a campfire service.

The next day there are to be three seminars for different age groups running simultaneously. They will be on social problems (the Vietnam war, drugs, poverty, and the racial issue); a frank discussion on "Love, Sex and Christian Youth" by Mr. Lauer; and Rev. Clifford Mooler, church pastor, and a special Bible teacher will present Scriptures relating to the other speakers' topics.

Further information may be obtained by calling the church, 2600 Edwards street, 877-9672.

Teenagers Named to State Draft Group

LCDR John H. Hammack, state director of the Illinois Selective Service System, announced the appointment of a committee composed of 16 youths between the ages of 17 and 26.

He explained that the committee was formed to obtain the opinions of youth in all phases of operations under the current requirements of the Military Selective Service Act of 1967 and its amendments. The committee will be asked from time-to-time to give opinions and recommendations of youth on changes to the law or regulations.

The first meeting of the committee was held in Chicago last week and the members were presented afterwards to the news media in the Federal Building at Chicago. All members of the committee are residents of Illinois and membership includes one girl as well as minority groups. It is anticipated that the committee will hold four to six meetings annually.

Peace Corps Tests to Be Held on Aug. 16

Peace Corps placement tests will be given at 1:30 p.m. Aug. 16 in Room 1719, Federal building, 1520 Market street, St. Louis.

The tests are used to determine how an applicant can best be utilized overseas. It measures general aptitude and the ability to learn a language, not education or achievement. It requires no preparation and is non-competitive. An applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before the test. Application forms are available at area post offices.

Named Stunt Designer For U. I. Block 'I'

Chris McCarty of Granite City will be a stunt designer of Block "I" at the University of Illinois in Champaign this fall. Block "I" is the card-flashing section at the football games. There are 250 students who participate in each performance. Illinois is the only university to have both an east and west block so all spectators can see the blocks simultaneously during halftime.

22 Local Music Students To Attend Annual Festival

Twenty-two students of the Richard Hermes, David Raab, National School of Music from the Quad City area will participate in the Mid-America Music Association's 13th annual music festival to take place at Muehlebach Hotel, Kansas City, Mo., this Friday, Saturday and Sunday.

Area students who are to attend are Darrell Harrison, Scott Winters, Eddy Williamson, Leonard Schaefer, Larry Williamson, Eric Schmissour, Paul Krause, Stanley Almon, George Sotiroff, Cindy Vaughn, Richard Hermes, David Raab, Beth Halbrook, Michael Fuchs, Keith McGhee, Alan Firebaugh, Eddie Belling, Berry Gibbs, Joe Young, Dennis Ridgeway, Keith Wagner and Douglas Sawyer.

The festival will have contestants from many states and participants may enter as many as ten different divisions, consisting of accordion, guitar, piano, drums, organ, classic guitar and steel guitar. A concert on Saturday night in the Imperial ballroom will feature Shirley Paul Krause, Stanley Almon, and Luis Rodriguez, concert accordionists.

Misses Ferro, Teague To Attend Workshop

Donna Ferro, 2520 Delmar avenue, and Robin Teague, 286 Grand avenue, are among seven cheerleaders from Southern Illinois University-Southern campus who will attend the National Spirit and Sportsmanship Workshop program Aug. 17-21 in Pueblo, Colo.

The annual workshop will be held on the campus of Southern Colorado State College and is being sponsored by the SIU-SW Student Government Association.

Vietnam Embassy Man To Join ISU Faculty

Nguyen-Dinh-Hoa, member of the Vietnam Embassy staff in Washington, will join the faculty of Southern Illinois University at Carbondale, Oct. 1.

Hoa was appointed professor of English and assistant director for research and studies in the Center for Vietnamese Studies and Programs at the June meeting of the SIU board of trustees.

Hoa, who has been counselor SIU.

Advisement Facilities Revised at SIU-SW

The dehumanizing effect commonly associated with large universities by students is being circumvented at Southern Illinois University-Southwestern campus through the expansion and reorganization of the education division's academic advisement facilities, according to Leslie J. Wehling, coordinator.

Wehling said "students commonly complain that the larger the university enrollment, the more difficult it is to get personalized academic advisement. The reorganization and expansion at SIU-SW will combat that problem."

With recent trends indicating that well over 50% of the enrollment will pursue careers in education, the division has incorporated the academic advisement and student teaching areas. This realignment, according to Wehling, will enable students to be advised by only one group through course work, studies and certification by the state.

Colleges Not Filling Needs of All Students

"Our schools have pushed out a lot of people who were not challenged by or interested in the conventional curriculum," according to Lowell Burkett, executive director of the American Vocational Association.

Burkett is at Southern Illinois University's Carbondale campus teaching a two-week graduate course on "Emerging Concepts in Vocational-Technical Education." The course is offered by the Technical and Industrial Education division of SIU's School of Technology.

Burkett says schools have failed in their obligations to some of their students. "They have tended to force those students who were not academically inclined out of the schools," he says.

"Vocational programs should be available to these persons at any time in their life while in school or afterwards, even if they do not have a high school diploma," he said.

Miss Pashea Enrolls at William Woods College

Miss Valerie Pashea, daughter of Mr. and Mrs. Melvin Pashea, 2200 East 24th street, will begin classes in September at William Woods College, Fulton, Mo.

Miss Pashea is a 1969 graduate of Granite City high school where she was a member of the Student Council, Peer Club and Tri-Hi-Y Club.

Wins 2 Gold Medals in Region AAU Jr. Olympics

Matched against the top girl swimmers from six states, Karen Reisinger of Granite City captured two gold medals and one silver medal last weekend at the Region VIII Junior Olympics, an AAU sanctioned championship meet held at End, Okla.

Karen, a seventh grade pupil at St. Joseph parochial school, is the daughter of Mr. and Mrs. Herbert Reisinger, 2242 State street. She competes in area swimming meets as a member of Paddlers swim team and the East St. Louis YMCA.

The twin victories qualify the local 12-year-old girl to participate in the National AAU Junior Olympic Championships, scheduled for Aug. 18-22, at San Diego, Calif.

Only one other local area swimmer took top honors at the regional event. Ken Merten of Belleville, competing in the 13-14 age division, also is eligible for national championships.

The two young athletes will travel by plane to San Diego, accompanied by an area swimming coach, who has yet to be selected, according to Mrs. Reisinger. Eight members of the Ferguson-Ritenour YMCA team of St. Louis also qualified for the National Junior Olympics competition by winning berths in the regional meet.

Karen's first place wins and

gold medals came in the 100-meter breaststroke event, with a time of 1:27.3 minutes and the 200-meter individual medley, in 2:46.5 minutes. She won the silver medal, missing first place by one-tenth of a second, in the 100-meter butterfly event, with a time of 1:19.2 minutes.

The regional champion earlier this year qualified for the Girls National YMCA Championship meet at Green Bay, Wis., and has captured first place ribbons this season at most dual meets of the Southwestern Illinois Swimming Association, a conference of eight area swim clubs, including Paddlers of Granite City.

Contestants in last weekend's regional tournament represent the swimming squads in Arkansas, Oklahoma, Missouri, Kansas, Illinois and Texas.

Registration Opens For Venice Schools

Venice public schools are announcing the registration date for kindergarten pupils and those pupils who have moved into the school district during the summer and have not attended elementary school here previously.

Registration for kindergarten will be on Aug. 12 and 13 from 9 to noon and 1 to 3 p.m. both days. Parents must have the child's birth certificate, and the child must be five years old before Dec. 31 to be eligible.

New pupils registration will be taken on Monday, Aug. 11 at the same hours. All registrations are to be made at the Venice grade school office, Seventh and Broadway.

GC Youngsters Plan Benefit Carnival

A group of youngsters, led by Dennis Sperio of 2151 Woodlawn avenue, will present a neighborhood carnival for the benefit of muscular dystrophy victims on Saturday at 3 p.m., at the Woodlawn address.

Young Sperio, the son of Mr. and Mrs. George Dawson, will serve as ringmaster assisted by Larry Conrad. Other events for the fund-raising project will include a prize drawing, sponge throw, bowling on the green and a special drawing for a kitten. All proceeds will go to aid the fight against dystrophy and related diseases afflicting millions.

Also assisting with the afternoon show are Rusty Kasting, Glenn Kasting and Paula Conrad.

The children got the idea for staging the event while watching TV personality "Mr. Patch" who is promoting Carnivals on his "The Little Castle" children's show seen on Channel 30.

Last year, in cooperation with Muscular Dystrophy Association of America, more than 20,000 carnivals were held by children across the country, and over \$333,000 was raised for MDA's research and patient service programs.

Payment Delays Seen For GI Bill Students

Several thousand veterans in college this fall will not get the GI education check they expect in November from the Veterans Administration, Donald E. Johnson, administrator, reported today.

"Many who were enrolled in college last semester have failed to send in their old term certification of attendance card and cannot be paid in the upcoming school term until they do."

Johnson said the VA also is holding nearly a half million dollars worth of June GI bill checks which cannot be mailed either until the attendance card reached VA computers.

Accounts can be settled by mailing in a 3x7 white card with a blue stripe across the top to the VA immediately. If a veteran has lost the certification of attendance card, he should get in touch with the VA office which has his records and ask for another, Johnson said.

SUMMER WORKSHOPS of the Illinois Association of Student Councils at Monticello College, Godfrey, attended by six Venice high school students. They are, left to right—Dave Scaturro, Pam Irby, vice-president; Marla Brawley, parliamentarian; Betsy Fields, secretary; Linda Svezia, Kaskaskia District convention secretary and Bill Young, president.

VHS Students Attending IASC Summer Workshop

After months of preparation, six Venice high school students are presently attending the Illinois Association of Student Councils annual summer workshops.

The workshops, which are under the direction of Ronald Ganschmierz, VHS student council advisor, are held at Monticello College, Godfrey, this week and Aug. 11-15. Delegates from Venice are Linda Svezia, Bill Young, Pam Irby, Betsy Fields, Marla Brawley and Dave Scaturro.

Linda Svezia and Pam Irby will assist Mr. Ganschmierz at the workshops acting as secretaries. This program is designed to provide an introduction to and training in student council work; to provide opportunities for growth in leadership skills; to improve the school's council; to improve student understanding of democracy as a way of life, and to extend the values of

the workshop to local and area councils. The basic organization of the workshop will be the "Council Plan." Delegates will be divided into councils of about 25 members. Each of these councils becomes a student council in a hypothetical school, typical in Illinois, and will be under the direction of experienced adults and junior counselors.

The daily schedule will consist of general meetings, council meetings, assignments, consultant lectures and special sessions. Dances, swimming and other types of fun-filled recreation are planned for evening entertainment. Development of leadership at either work or play is the aim.

This is Venice high school's third year as host to the 400 students from all over Illinois who will attend the two workshops.

Madison Student to Enter North Central College

William C. Campbell, son of Mr. and Mrs. William E. Campbell, 63 Gareche Homes, Madison, has been accepted as a student at North Central College in Naperville and plans to begin his freshman year of classes in September.

A graduate of Madison high school, William and his parents will attend one of several orientation and registration sessions at North Central this summer. North Central is a private, co-educational, liberal arts college located 29 miles west of Chicago.

Southern Illinois University is in the midst of a year-long program commemorating the hundredth anniversary of the birth of Mahatma Gandhi.

SIU Doctoral Program Given Accreditation

Southern Illinois University's doctoral program has been granted full accreditation by the North Central Association of Colleges and Secondary Schools. It was announced by William Simone, University dean of Graduate Studies and Research.

The Association has notified SIU President Delyte W. Morris that "on the basis of many evidences of high quality reported by our visiting team, the North Central Association of Colleges and Secondary Schools, at its meeting on July 25, voted to grant full accreditation to Southern Illinois University as a doctor's degree granting institution."

Previously, SIU had preliminary accreditation at the doctoral level. Doctor of philosophy degrees are offered in 30 areas of study at the University.

The North Central team of nine educators, headed by Lynn Merritt of Indiana University, was at SIU from April 27 to May 1 making an institutional study of the University, with attention being paid to the graduate program.

"I think the decision speaks for itself," was Dean Simone's comment.

First Woman Dean at SIU Plans to Retire

Southern Illinois University's first and only woman dean of an academic division will retire from that position at the end of August.

Eileen E. Quigley, dean of the School of Home Economics since its organization in 1957 and before that chairman of the home economics department since 1948, will be honored to day at 6:30 p.m. in the University Center ballroom. The event is being arranged by the staff of the school.

Dean Quigley, during her 24 years on the university faculty, has been an aggressive spokeswoman for the cause of home economics as a professional curriculum in the academic family.

Today's Theater Students Have Greater Knowledge

Monumental advancements in knowledge of acting, directing and theater history have been made during the past decade, according to Jerome Birdman, who teaches all three subjects at Southern Illinois University-Southern campus.

Someone who studied history of the theater ten years ago learned much less than today's student, he said, "because we now know more about how the ancient Greek playwrights had their plays produced and how their theaters looked." Birdman said it always had been assumed that the ancient Greek theaters were built for 15,000 to 20,000 persons on a circular plan, but more recent research shows that originally they could have taken any shape and that they were rather small and the relationship between performances and audiences was intimate.

Approach More Intimate
"We now have a much better idea of how Shakespeare's plays were first presented and how his theater looked," he added, "to modify our approaches to theater production today, making it more intimate and more relevant to our audiences."

DeMolay State Conclave Planned for Aug. 15-17

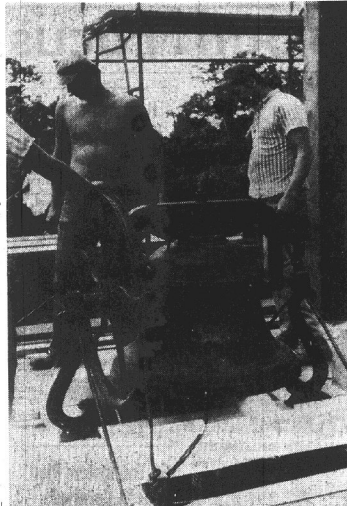

The Order of DeMolay will hold its annual state conclave Aug. 15-17 at Western Illinois University, Macomb, it was announced at a recent district meeting in East St. Louis.

Plans for the meet were told by Stan Mosier, state master counselor, who was guest of honor at the business meeting. Attending from the local chapter were Randy Fowler, Chuck and Steve Hileman, Bill Jones, Bill Koe, Steve Mosier, Tim Noud, Dwayne Pritchett, Dave Schlinger, Bill Watson and advisor Charles Meyer.

The local chapter's softball team is to play the E. A. Weinel chapter team Sunday afternoon at Columbia in a DeMolay district softball tournament.

Birdman says he started out as a scientist, not a theatrical man. A native Philadelphian, he received a scholarship in chemistry after graduation.

"By the end of the first year," he said, "an English and American literature professor had turned my world upside down. His classes were so interesting I changed my major to English. This led naturally into theater work."

Airman Steve Bulla With Photo Squadron
Aviation Electrician's Mate Airman Steve R. Bulla Jr., USN, of Mr. and Mrs. Steve R. Bulla, 3153 Davis avenue, is serving with the Heavy Photographic Squadron Sixty-One on the Pacific island of Guam.

The squadron flies the RA-3B Skywarrior on reconnaissance and cartographic missions in the Pacific and Southeast Asia area of operations. With its headquarters on Guam, the squadron has three deployed detachments, one in Thailand, Vietnam and Australia.

Elton Hall to Graduate Friday at Murray State

Elton James Hall, son of Mr. and Mrs. Jim L. Hall of 2829 Idaho avenue, is among the 457 candidates for graduation at the summer commencement exercises at Murray State University, Murray, Ky., on Friday. John E. Pearce, associate editor and editorial writer for the Louisville Courier-Journal, will deliver the commencement address at 3 p.m. in the university auditorium. The summer school term at Murray State recorded another record enrollment with 3209 students.

Awarded Scholarship

James R. Byer, 2453 Pontoon road, is among the top five per cent of the upper classmen at the University of Missouri-Rolla who have been awarded Curators University Scholarships for the 1969-70 year. Recipients were chosen on their scholastic achievements during the past year.

Former Resident Raises Two-Pound Cucumber

Mrs. Rita Schuber, a former Granite City resident, now living in Hamel, has grown a large cucumber in her first attempt to have a vegetable garden.

According to her mother, Mrs. Fred Koester, 3011 Marshall avenue, who brought the vegetable home with her, the cucumber is ten inches in length and weighs two pounds and is solid green in color.

OLD CHAPEL BELL, considered to be the oldest in the U. S., being placed in the rebuilt steeple atop the Chapel building at McKendree College in Lebanon. The college is 141 years old, and the steeple is 140 feet high.

McKendree's Chapel Bell 'Doing Its Thing Again'

The Old Chapel Bell at McKendree College is "doing its thing again" at the Lebanon campus. Though it doesn't swing like it used to, it still gives off rich tones causing ears to cock in its direction.

Its emissions at this point are playfully delivered by carpenters with hammers, but the sound still serves as a reminder to college and townspeople that reliable signals will soon be heard.

The bell, considered by many to be the oldest in the country, was hoisted July 29 to the top of the Old Chapel building where it was fastened to a partially formed belfry, representing the first stage of a 140-foot spire now under construction.

The swinging motion normally associated with bells has been eliminated. Instead, it is to be permanently positioned about 80 feet from the ground and only the tongue will move. The clapper will be forced against the bell by an electrical device controlled from the chapel auditorium.

Eliminate Swaying
Eric N. Rackham, college president, said this method of ringing was chosen to eliminate swaying and to minimize vibrations, reducing reinforcement needs.

The technique contrasts with the spirited labors of students who used to ring the bell by pulling a long rope. For more than 100 years the bell was sounded in this fashion when it was part of the original chapel steeple.

The old spire, built in 1858 when the chapel building was erected, was torn down 10 years ago because it was considered unsafe. The old chapel had embraced a four-faced clock as well as the bell, and it had served as a landmark identifying the Lebanon campus.

To Become Shrine
In its new role, the bell will become a shrine as well. Plans call for construction of a spiral staircase leading to the belfry where persons can view the historic piece.

Standing 25 inches high, with a diameter of 3 1/4 inches, the dull, gray lines reflect its antiquity. Its 16-inch yoke bears original engravings of the eighth century. The spire escaped recasting with the bell in the 14th and 15th centuries.

The bell was brought to Florida in the 18th century. It was part of a shipment of 200 sent from Spain for Jesuit missionaries. When persecution by Indians and white settlers became intolerable, the missionaries fled to Old Mexico, taking their bells with them.

Found in Santa Fe
The McKendree bell was one of six found in an abandoned mission near Santa Fe, N. M., in the early 19th century. Traders brought the relics back to St. Louis where all were melted down except one, which was recast.

WACs Offering Job Skills

More than 40% of American women are now employed outside the home, according to recent estimates by the Department of Labor, and this figure is expected to rise even more within the next few years.

As more women enter the labor force, however, the demand for skilled women workers is increasing. Advanced education often proves to costly and many young ladies who would like to continue their education find they are financially unable to do so. A solution is available, however, through the free job training now available to qualified young women enlisting in the Women's Army Corps.

Courses range in length from four to 31 weeks, and include subjects as stenography, data processing, journalism, social work, physical therapy, photography, map-making, accounting, drafting, dental laboratory, pharmacy and medical laboratory.

Applicants for the Women's Army Corps should be a high school graduate, between the ages of 18 and 34, in good health, and of high moral character.

For more information on the Army's educational opportunities, young women may contact Army Recruiting Sgt. Morris L. Cook at 1340 N. Dearborn avenue or call him at 576-5950.

Registration Centers Set Friday, Saturday

Four special registration centers at which new voters may register so they may vote in the Sept. 23 primary for nomination of delegates to the Illinois Constitutional Convention will be held tomorrow and Saturday in the Quad-City area. Voters who now are registered but who need to change their registration records because of a change of name or address also may make the required corrections at any of the special centers.

The centers will be conducted by the office of County Clerk Eulalia Hotz at: Tri-City Grocery, Belmore Village shopping center, Friday 1 p.m. to 8 p.m. and Saturday 10 a.m. to 5 p.m.; Schermer's Market, 1125 Madison avenue, Saturday 9 a.m. to 4 p.m.; Ace Hardware store, 4010 Pontoon road, Saturday 10 a.m. to 5 p.m., and Tri-City Grocery, 480 Broadway, Venice, Friday and Saturday from 10 a.m. to 5 p.m.

ADC Payments Take Half Of County Aid Allotment

Public aid payments to Madison county residents during May totaled \$719,886, with allotments in the five major aid categories going to 8821 recipients, according to a report by Public Aid Director Harold O. Swank at Springfield.

More than half of the county's entire public aid allotment went to clients of the Aid to Dependent Children program, with 3833 persons receiving \$375,433, the report showed. Second largest amount in any single aid category was \$174,680 paid to 1077 recipients of disability assistance, while 1311 recipients of old age assistance received \$119,645.

Blind assistance payments of \$3948 were paid 37 clients and 1593 recipients of general assistance received \$46,184.

At the state level, Illinois public rolls totaled 538,717 in May, an increase of 1089 over the previous month and 50,643 higher than a year ago, Swank said.

Total May expenditures were \$42,499,432, an increase of \$1,061,172 over April and a rise of \$6,721,281 over May 1965.

The aid to dependent children program served 359,955 persons in May, up 2088 over April and 44,595 higher than in May 1965. Costs of the ADC program in May amounted to \$22,002,150 an average of \$61.12 per person.

New Air Control Plan For GC Steel Approved

A revised program for air pollution control by Granite City Steel Co. was among nine control programs approved by the Illinois Air Pollution Control Board in its regular August meeting in Chicago. The board also approved requests for variances by five Illinois firms.

The revised program for Granite City Steel Co. is due to a change in line content of the sinter plant product to control iron ore fines, the board reported. A program by American Ditching Co. at Pekin to control pollutant emission from coal fired boilers was disapproved and the board authorized a public hearing in the case. Another hearing was authorized to determine why an East St. Louis auto parts firm has not completed an approved pollution reduction program.

Three requests for variances were denied by the board, all in cases involving open burning.

Disturbances Arise at Madison County Jail

Objections by prisoners at the Madison county jail at Edwardsville to being locked up in individual cells at the 11 p.m. curfew have resulted in disturbances during the past week. Two sheriff's deputies were injured. Ray Walker suffered a head injury when struck with a homemade blackjack made from a bar of soap and a towel. Walker was examined at a St. Louis hospital and returned to duty after being hospitalized overnight for observation.

Deputy John Hartman slipped on a flooded floor and broke a small bone in his hand. Sheriff George Musso said that some privileges were taken away from prisoners after five inmates escaped from the jail on July 18.

About five prisoners in an upper cellblock refused to enter their cells last Saturday night, and Walker was injured as the men were forced into their cells.

Two prisoners complained of injuries, but a doctor reported that they were not serious.

Madison Soldier Home; Wounded Twice

Army Specialist Five Harold L. Morrison, 22, is spending a 30-day leave at home following completion of a 12-month tour of duty in Vietnam. He is the husband of the former Miss Sharon Stevenson of Madison and son of Mrs. Violet Morrison, 2234 Cleveland blvd., and Alvie Morrison of South Carolina.

The infantryman spent most of his Vietnam tour near Pleiku, in the Central Vietnamese Highlands and Cambodian border region. He suffered a shrapnel wound to the head about nine months ago and recently sustained burns to the lower legs when a truck he was driving was hit by enemy fire and destroyed.

Sp5 Morrison entered the Army in April 1968. He extended his service time last year for an additional four years. He was stationed in Germany prior to assignment in Vietnam.

The serviceman will report in about ten days at Fort Meade, Md. Mrs. Morrison and the couple's two young sons, Paul Wayne, 2½, and Harold Jr., 14 months old, will accompany him to the Maryland base.

A1/c Byrne Completes 2 Year Hitch in Japan

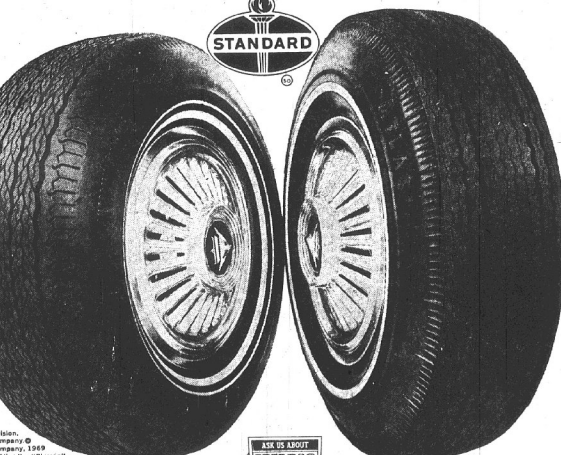

After a two-year tour of duty at Misawa Air Force Base in Japan, Airman First Class John Byrne is home to spend a 30-day leave with his parents, Mr. and Mrs. Edward Byrne, 3213 Aubrey avenue.

A 1966 graduate of Madison high school, A1/c Byrne was employed at Laclede Steel Co., before entering the service in February 1967. Upon completion of his furlough, the airman will report to Luke Air Force Base in Arizona.

A1/c Byrne and his parents are looking forward to entertaining a "good buddy" of the local serviceman, Air Force Sgt. Bob Modena of Chicago, who is expected to arrive from Misawa Base on Aug. 19, and remain here a few days with the Granite City family.

The two servicemen have been stationed in Japan about the same length of time, Mrs. Byrne reported. A barbecue and party are being planned.

Soybean Plant Study

Soybean plants, parts of plants, and soil samples to a 30-inch depth have been collected from 18 townships in Madison county as part of a statewide research project to determine the minor elements situation as related to crop production.

Spectrographic analysis of these samples will be made at the agronomy department of the University of Illinois.

Granite City PRESS-RECORD

Page 32 Thurs., Aug. 7, 1969

One purpose of this work is to identify any areas where certain elements may be lacking, or present in excess supply, for optimum crop production. The results may suggest areas where field trials should be made for further study.

Farms from which soybean plants and soil samples were collected are Wayne Wernle,

New Douglas; R. M. Kutlin, New Douglas; Wilbur Helm, Kamp, Mo.; Eugene Suesen, East Alton; Lester Strohmeier, Edwardsville; Harry Renken, Hamel; Richard Hopkins, Alhambra; Robert Marinko, Alhambra; Clarence Beck, Pocaterra; Bernell Weis, Highland; Delmar Meier, Troy; Howard Knecht, Edwardsville; Charles C. Losch, East Alton; Ivan Relke, Granite City; Arlyn Gerling, Edwardsville; Robert Stock, Troy; Albert Wildhaber, St. Jacob and Leslie Gall, Highland. The farms were selected at random.

Report on Wheat

Aronomist Pat Johnson reports the soft wheat variety, Blue Boy, made the highest yield in tests this year at Brownstown. The yield was 74 bushels per acre. This is the first year Blue Boy has been tested in Illinois. He said the variety stands well, is one week later in maturity than other varieties, and has a lower test weight.

Other soft wheat variety yields at Brownstown were: Parler, 50; Improved Triumph, 50; Guide, 48; Scout, 66; 47; Pawnee, 44 and Gage 41.

Most Madison county farmers will choose Benhur, Arthur, Monon or possibly Riley 67 as their wheat variety to plant this fall.

Care of Wells

Shock chlorinate your water supply by adding a strong chlorine solution to the system after well construction, pump installation or repairs or flooding.

Chlorinating the farm water supply is the most widely accepted and satisfactory disinfecting method. The risk of drinking contaminated water far outweighs the slight chlorine taste in the water.

Any time a water system is opened for repairs shock chlorination should follow. Well drillers and pump installers are required by State Public Health Department regulation to add a shock chlorination as part of the job.

When using water from a spring, dug well, cistern or farm pond a continuous chlorinating unit attached to the water system should be used.

Chlorinating materials such as ordinary 5% chlorine laundry bleach is easily available. Chlorine in powder and tablet form can also be purchased. Enough should be added to the water to give it a light chlorine odor and taste.

GC Steel Hikes Base Prices on Most Products

Base price increases ranging up to nearly 9% on a large part of its product line were announced yesterday by Granite City Steel Co.

John A. Leschen, vice-president of sales, said the increases are to become effective next Monday and will bring the company's prices in line with increases recently announced by other steel producers.

Steel industry employment costs increased Aug. 1 and steel companies have had to meet widespread increases in the cost of purchased goods and services and taxes, Leschen said.

Price increases include 30 cents per 100 pounds for hot rolled carbon steel bands and hot rolled carbon steel sheet and strip, 40 cents per 100 pounds for cold rolled carbon steel sheet and 22.5 cents per 100 pounds for galvanized sheet, galvanized roofing and siding, galvanized culvert sheet and other galvanized products.

A breakdown of changes in the company's base prices shows the following new schedule: Hot roll carbon steel bands, \$6.20 per 100 pounds increased to \$6.50; Hot roll sheet and strip, \$6.45 to \$6.75; Cold rolled carbon steel sheet, \$7.20 to \$7.60; Galvanized sheet, \$7.975 to \$8.20; Galvanized copper bearing steel culvert sheet, \$8.225 to \$8.45; and Galvanized copper bearing pure iron culvert sheet, \$8.475 to \$8.70.

The increases approach 5% in the case of hot rolled bands, hot rolled sheet and strip and cold rolled sheet, and amount to about 2% in the case of galvanized sheet products. Leschen said there will be a downward revision on certain gage and width extras on galvanized sheet, also effective Monday, to meet competitive conditions.

Effective Nov. 3, he said, Granite City Steel Co. also will increase the base price of black plate by 50 cents per base box, and the base price of holloware enameling black plate by 50 cents per 100 pounds.

Conservation Exhibits to Be Feature of State Fair

Results of man's exploitation of his environment will be a feature of exhibits in the Conservation Building at Springfield during the Illinois State Fair which opens tomorrow and will continue through Aug. 17.

H. Dean Campbell, supervisor of the education division of the Illinois Department of Conservation, said the exhibits will illustrate problems man has created for himself in his continuous efforts to raise his standards of living.

"Man has exploited his environment for ages," Campbell said. "We have mined our resources without regard for the consequences, polluted our water and air, and have threatened our physical well-being by careless use of man-made chemical compounds."

To Test Well Samples
Other governmental agencies will cooperate with the conservation department during the fair. The Illinois Water Survey will test water samples from wells and the Metropolitan Sanitary District of Chicago will work with the land reclamation section to demonstrate how sanitary sludge may be used to help heal the scars caused by open surface mining.

"The use of sanitary sludge to help grass and other forms of vegetation to establish more rapidly on strip mined areas is in the experimental stage," Campbell said, noting that the conservation department is not promoting this experiment but is interested in its possibilities.

An exhibit by the Illinois Natural History Survey will illustrate some of its research to develop biological controls for insect pests, indicating the necessity for pesticides and the need to control insects through methods and materials that minimize the danger to man's environment.

History Exhibit Planned
Bishop Hill, a Swedish colony founded in Henry county in 1846, will be a feature in the Conservation Building. Campbell said, pointing out that "history is important to conservation as it reflects the use or misuse of natural resources."

Young people will be instructed in how to use sporting equipment safely as a part of the division of education's exhibit on recreational education. They will have an opportunity to shoot air rifles on a standard range and to test their knowledge of gun safety.

About 40% of the floor space in the Conservation Building will be devoted to live exhibits of game animals, birds and fish.

"We also plan to survey fair visitors concerning what kind of interpretive programming they would like to see in our state parks," Campbell said. This information can be used to provide the public with informative and enjoyable activities, he noted.

GC Council Speeds Through Ordinances, Projects, Complaints and Lawsuit Notice

Special Music

The "Soul Winners" quartet of St. Louis will furnish special music at Grandland General Baptist Church, 2033 Johnson road, Sunday at both Sunday school, 9:45 a.m. and the 10:45 a.m. worship service, the pastor, Rev. Leo Perkins, has announced.

Granite City council members sped through ordinances, complaints, lawsuit notice and a wide variety of other business Monday night, adjourning the session at 9:55 p.m. instead of the usual 11 p.m.

Alderman Noun was the only one absent, and Monday night's meeting followed two nights of sessions last week during which the new budget was adopted.

Council members adopted ordinances giving legal status to the \$75 monthly pay increases authorized last week and to levy the service occupation tax. Voting against the service oc-

cupation tax were Moerlein, Robertson and Jarrett.

During a discussion of the salary increase ordinance, it was decided that two clerks in the treasurer's office should be given additional raises similar to those granted city hall clerks and secretaries last week to compensate the difference between the \$30 monthly boosts given city hall workers and \$75 to other city employees.

The increases will boost the clerks' pay to \$422 a month from \$350. They were omitted due to oversight in the rush to pass the budget.

The vote on the salary in-

crease ordinance was 10-to-4, with Alderman Robertson declining to vote. Voting for it were Basarich, Boyd, Dallas, Moerlein, Parmley, Poulos, Green, Morlen, Schuler and Baker. Opposed were Rutledge, Whitmer, Dawes and Jarrett.

The ordinance will allow the city to determine just how much motor fuel tax money will be available to the city prior to next June.

Zone Change Request

Referred to the City Plan Commission was a petition by James Cash and Shirley Rose for a change in zoning classification for 3161 Myrtle avenue from R-2 residential to C-2 commercial. The petition stated there are businesses on either side of the residence.

A notice was received that Mrs. Betty Wilson, 720 Twenty-seventh place, intends to file suit against the city for injuries sustained by her daughter, Anita, who was bitten on the leg by a dog at the city's animal shelter last March 5. The child was at the shelter with several other children and went inside to see the dogs. She was bitten by a German shepherd dog that was on a chain inside the building, according to the notice from a local law firm.

The notice was referred to City Atty. Scroggins, who also was given a bill for \$87 submitted by Mrs. Charles (Frances) Wade of 26 Del Rio drive, who was injured and bent her glasses in a fall into a hole at a basin at Del Rio and the Riviera drive. He is to present a recommendation to the council.

Hour for a Nickel On Metered Lot

Police Chief Ronald Velzer said Monday night that information concerning operation of meters on the downtown off-street parking lot in the 1800 block of Edison avenue, as discussed during the city council sessions, has been in error.

"The fee is not one hour for 10 cents, but the meters are of a different operation than the street meters. Those on the lot will not take pennies, but they do provide an hour's parking for a nickel and two hours for a dime," the chief stated.

New Policy for Street, Alley Lights in GC

A new policy for installation of street and alley lights in Granite City was outlined Monday night by Alderman Basarich, chairman of the council's Light committee.

Instead of presenting street light resolutions on a hit-miss basis, the requests will be completed and surveyed and a resolution submitted to the council on a quarterly basis, Basarich said.

He pointed out that last month, in the first quarter of the new fiscal year, a resolution was approved for installation of 66 lights in streets and alleys. "I think it will work out much better this way," Basarich commented.

Traffic Signal Changes

Traffic signal violation charges were filed Monday against Geraldine M. Rollins, 2124 West Portman road, at Nameoki and Johnson roads, and against Stephen J. Rodgers, New Athens, at Madison avenue and Nameoki road.

Services by Hospital Explained to Kiwanis

The St. Elizabeth Hospital expansion plan was the topic of a program presented to the Kiwanis Club at their dinner meeting, Monday evening, at the Rose Bowl and was given by Sister Mary Thomas, hospital administrator.

She said the hospital owes a service to the community, and in turn, the community owes a responsibility to the hospital. "With equal cooperation, a hospital can operate successfully in a community, she stated."

Norman Hall, first vice-president, was acting president in the absence of Ed Moore.

He announced a definite date has been set for rescheduling the annual boat races. The races will take place on the Mississippi River Sunday, Sept. 14, at the Bow Line Boat Club with William Seebold as chairman.

The club also discussed a booth they will sponsor for the United Fun Fair at Wilson Park in September. A theme for the booth will be announced at a later date.

Bedroom Ransacked

Luan Copeland, 2224 r. Lincoln avenue, reported at 11:10 p.m. Monday that someone entered her home by breaking a door glass. A bedroom was ransacked and clothing was thrown on the floor. Nothing was missing.

Corky the Clown to Enliven United Fun Fair

Corky the Clown, well known to the Quad-City youngsters for his cartoon program on television each Saturday and Sunday morning, will attend the United Fun Fair sponsored by the Tri-Cities Area Fund Drive as the kickoff for this year's annual campaign.

He will make his appearance on Saturday, Sept. 27, from 2 to 4 p.m. to sign autographs, talk with the children and entertain the young folk for a short time, according to Howard Kaseberg, "ringmaster" for the Fun Fair.

Corky began his career as moderator of the children's television program in 1958. The show is aired each Saturday and Sunday from 11 to 12 and Saturday morning from 7:30 a.m. to 9 a.m.

At one time Corky, who in real life is Cliff St. James, gave a weather forecast using puppets to make the announcements.

The "United Fun Fair," which is attracting more interest each week, is to be held at the Rink Recreation Center at Wilson Park on Saturday, Sept. 27, from 2 to 4 p.m. in conjunction with the Tri-Cities Area Fund kick-off, "United Fun Fair."

CORKY THE CLOWN, a St. Louis Television personality who will appear at the Rink-Recreation Center at Wilson Park on Saturday, Sept. 27, from 2 to 4 p.m. in conjunction with the Tri-Cities Area Fund kick-off, "United Fun Fair."

Officially the campaign drive begins Oct. 1.

Tickets for admission to the rink are being sold by the United Fund agencies for 50 cents per person and this money will be given to the campaign fund as the residential section, in lieu of door to door solicitation.

An additional five to ten cents charge will be made at booths where specific games are planned. Carnival rides will be outside on the park grounds.

This particular project, using a theme of "Fun and Amusement," is being planned for the Quad-City residents to enjoy a two-day event while learning more about the United Fund, the agencies and what each agency does in the community for the betterment of the area.

More activities are in the planning process and will be announced at a later date.

Called to Weed Fire

Vegetation fires were called at 12:05 a.m. Tuesday to a weed fire along the highway on Main street. Firemen were at the scene 15 minutes and reported there was no damage, although the fire was burning around a utility pole when they arrived.

Rate Rise Would Hike Savings Bond Sales

Removal of the interest rate ceiling on U. S. Savings Bonds and other government securities requested by Congress by the Treasury Department would raise the interest rate on Series E and H Savings Bonds from the current 4.25% to 5%, if held to maturity, Henry D. Karandjeff, county savings bond chairman, explained here today.

If the legislative request is approved the rate increase would be retroactive to June 1 and would apply also to all outstanding Series E and H bonds beginning with the first semi-annual interest period dating from June 1, Karandjeff said.

Approval of the Treasury department request also would reduce the maturity period of E bonds from seven years to five years, ten months, while H bond maturity would remain at ten years. The present 5% rate on Freedom Shares would continue unchanged until they are removed from sale six months after the proposed legislation becomes law. Authority to extend Freedom Shares at maturity is included in the Treasury's request.

The Treasury proposal would give new impetus to the savings bond program throughout the area, Karandjeff said.

State Fair Opens Tomorrow At Springfield; Runs 10 Days

The 117-year old Illinois State Fair, which opens tomorrow and this year marks its diamond anniversary on a permanent location on the Springfield grounds, has as its theme "A Welcome to Gov. Richard B. Ogilvie and all state fair visitors on the 75th anniversary of the Illinois State Fair in Springfield."

"This year also marks the fair's 35th anniversary as host to sanctioned national championship auto racing."

To be held from Aug. 8 through Aug. 17, the fair will award \$1,100,000 in premiums and trophies for the ten-day run.

Continuing events will include judging of livestock and produce in the "World's Largest Agricultural and Livestock Exposition," displays of winning entries in hobbies, handicrafts, amateur and professional art, photography, culinary, textiles, speed programs, and varied bits of top-flight professional entertainment nightly in the grandstand.

There will be a mile-long display of the last farm implements, contrasted with a display of antique farm implements; demonstrations of old-time

crafts such as cider and sorghum making and goose-plucking, and exhibits which reflect today and even forecast tomorrow.

The Olson Shows carnival train will provide rides and shows daily at the fair. A new ride added this year to be known as the Swiss Toboggan.

In keeping with the space age, the ride shoots its patrons up the middle of the cone, shaped like a rocket ship, and the riders continue their journey down the tracks outside of the structure.

Thirty-five high school bands throughout the state will vie for top honors and the Gov. Richard B. Ogilvie trophy during six days of the 10-day fair.

At least 50 specially trained experts will be stationed around the Illinois State Fair's mile racetrack to handle any emergencies that may develop in the two big automobile races, fair manager Raymond Phipps announced.

The high speed events are the 100-mile U. S. A. C. Championship Stock race, Sunday, Aug. 16 and the 100-mile National Champion Stock Car race, Sunday, Aug. 17, closing day.

Dolls and doll houses which are not toys, but a way of life in miniature, will be one of the unique exhibits during the fair. An eye-catching display by the Ukrainian National Women's League of America, in the Textile building, will feature two separate doll houses, complete with scale items of furnishings, and dolls attired in typical Ukrainian clothing. All are hand made in the traditional styles and patterns native to the area in the southeastern corner of Europe, which is now one of the 15 republics of the Soviet Union.

For the fashion minded woman, a Simplicity Pattern series, using a theme "Fashion Journey" will be presented daily on the ramp in the Textile Building. Along the same lines, Mrs. Beryl Pritchett will demonstrate twice daily how to get 20 fashions from a single overnight case, using a basic dress, a 54-inch circle cape, fabric covered shoes and an evening wrap.

European trained Elise Tyroler will be present each day to discuss her skills earned in Europe on Dressmaking and Pattern Drafting. She also will have for sale two of her books on sewing.

Court Sets \$5000 Bond

Bond of \$5000 was set for John Nishko Jr., 22, of 2914 (r) Marshall avenue, at 1:15 p.m. Monday in magistrate's court, and he was taken to the Madison county jail in lieu of bond. He was arrested Saturday on a charge of burglary at the home of Vickie Cicci, 3192 Hill avenue. A preliminary hearing is to be set.

Face Traffic Charges

Three arrests of motorists who drove around lowered railroad crossing gates at the Broadway railroad tracks were made by Venice police Monday. These charged in separate cases are Ralph Strother, Frank Johnson and James Jackson, all of St. Louis. All posted their drivers licenses as bond pending magistrate hearings Aug. 20.

Food-Budget Stretchers

Although food usually takes the biggest piece of your family budget, there are some things you can do to reduce spending without reducing food values.

University of Illinois Extension nutrition specialists suggest these thrifty guides:

—Use government grades in making your food purchases. They will assure you of quality food and enable you to compare prices.

—Limit perishable food purchases to amounts that you can use while they are in top quality.

—Store food properly and use cooking methods that conserve nutrients.

—Include eggs as an occasional main dish instead of the usually more expensive meat.

—Choose the canned pack or grade according to the use you plan to make of it. For example, when preparing steaks and sauces, use low-market grade canned tomatoes instead of the whole-tomato pack. A can of solid white meat tuna costs more than the same-sized can of grated tuna.

—Compare costs, read labels and buy food in the form—fresh, frozen or canned—that gives the most servings for the money.

—Consider family likes and dislikes when you plan your menus and when you shop for food. Thrifty food buys turn into extravagant spending if your family doesn't eat the food.

Low-Cost Family Vacations

Camping isn't the only answer to rewarding, relaxing and low-cost family vacations. If you have young children, perhaps just staying home will be the best solution. But if you decide on a vacation at home, make certain the family gets a break from everyday routine. Visiting local tourist attractions and eating in restaurants occasionally can be fun and relatively inexpensive since lodging is not a factor.

Plan bicycle or walking tours to explore the surrounding areas if your children are old enough for such activities. It's even possible to swap your city home for a country one, or vice versa. Home-swapping has become a popular way to spend a restful and rest-free vacation.

Some city hotels give family rates or special summer rates to encourage out-of-town visitors during a slow season. The hotel may give free lodging to children under 12, and some hotels offer bonus features, such

Refunds Obtainable On Wonder Drug Costs

Atty. Gen. William J. Scott warned today that Illinoisans have less than two weeks left in which to seek refunds for individual purchases of certain "wonder drugs" sold in Illinois at conspired prices from 1954 to 1968.

Scott announced last February that for the first time in the history of an Illinois anti-trust price conspiracy case, members of the general public would be given an opportunity to seek refunds for purchases of achromycin, mystecin, panaba, pamyacin, polycyclin, steclin, tetracycl, aureomycin and tetrarmycin.

These are the trade names for the so-called "wonder drug" known as tetracycline. It is a broad spectrum drug, widely used because of its "shotgun" capabilities to attack more than one kind of bacteria.

Individuals who purchased tetracycline under the various trade names during the period can file claims for personal refunds.

The defendant drug firms, Charles Pfizer & Co., American Cyanamid Co., Bristol-Myers Co. and Upjohn Co. and Otis Mathieson Chemical Corp. (Squibb) have already offered a record nation-wide damage settlement.

The deadline for filing claims is Aug. 16. Simple forms and instructions for filing claims may be obtained by mail or in person from Scott's offices at Springfield and Chicago.

Taxicab Struck by Auto

A taxicab driven by Rosa Kelley, 2118 Iowa street, making a left turn from Nameeki to Peñing road, was struck by an auto driven by Marvin L. Kessler, 1921 Joy avenue, at 12:25 p.m. Monday. The taxi driver was charged with a right-of-way violation.

as swimming, babysitting service and tours.

Nature hikes, tours through mills, factories and historical sites can cut costs while offering interesting and educational activities. And by packing lunches to eat at roadside parks, you can reduce your daily food bill by several dollars a day.

If you take time to plan, your family vacation can be fun without being costly.

DOUBTS THAT PEOPLE WANT MAJOR AIRPORT

To the Editor:

I read the Press-Record editorial July 21 about a major airport being needed and wanted in Madison county. I could not disagree more wholeheartedly. I feel the disadvantages and undesirability far outweigh the advantages.

Maybe the site decision is in the future, but now is the time to think about it.

If the Lakeside area along Route 111 is chosen, we in the Quad-Cities will be exposed to dirt, grease and oil from exhausts and much noise, plus an increase in auto and huge trucks. And what will happen when giant, faster-than-sound jets start coming in and going out day and night?

I don't blame Troy residents for organizing and fighting now. We should, too. If we wait, it may be too late.

Not only the people in danger of being relocated are fighting: people in surrounding areas have joined the others.

I do not believe the majority of Madison county people want this airport, no matter how our supervisors voted. St. Louis Mayor Cervantes agrees with our supervisors that the airport should be in our area. Has he ever been to general meetings with Illinois people? Of course not.

He knows from experience what it is like to have an airport. If he thought it was so great, he would be fighting to have it there.

I urge people of Madison county to organize and fight this. Write to your congressmen, representatives, governor and even the President to oppose our newspapers. Let your opinion be known.

If the majority of the people want a major airport in this county, I am agreeable, but I don't believe they do.

QUAD-CITY WOMAN

SUMMERVILLE BROUGHT PUPILS OUT OF SHELLS

To the Editor:

Having just completed one of the most interesting experiences of my life, "Summersville Project," I want to share some of my fortune with your readers.

This experimental learning program took much time in planning and construction of equipment and materials needed to make a successful program.

How great a thrill it was to see all the parents participate so willingly and eagerly in this type of preparation!

We witnessed the birth of a program so beneficial to the children participating that we fervently pray there will be a continuation. We pray that the community leaders can be impressed with the need to help us in our desire to continue this program.

"We have witnessed in this short six weeks progress that

would be unbelievable if we had not seen it for ourselves—no air of helplessness for children with learning problems.

No matter what label they were branded with, "brain damage," "slow learners," "learning disabilities," "mentally retarded," "under-achievers," "cerebral palsy," it's ranging from 35 to 126, all were children with a problem in some phase of learning.

In Summersville, their needs were met. There was no problem too great or too small. No one was laughed at or made fun of.

The children accepted as parents and counselors were able to do. There were always smiling faces in the atmosphere of acceptance at Summersville.

The accomplishments by the children were in some cases, their "first." The praise received was a big reward, but their ability to perform was their greatest reward, coming from "within."

We heard a boy speak who had never talked. We saw a child learn to take his first steps on crutches.

We saw children performing tasks they had never before been able to do. We saw a boy come out of his "shell" as he learned to communicate with us without self-consciousness.

Many children with speech problems made remarkable improvement.

There were many other specific areas of improvements in these children. We saw a child who was terrified of the swimming pool develop self-confidence, and many learned to swim—even to diving from the diving board.

Children who were afraid to even walk on the trampoline developed into very capable jumpers in just six weeks. Children with severe coordination problems learned to jump rope. In only 14 days, a child who had only 14 had had the privilege of winning a game.

These were not "rare" miracles as the sound. I am simply reflecting the achievements of a program designed specifically to meet the needs of children with learning problems.

The Junior counselors "were, without a doubt, the greatest group of young people anywhere. They have shown love and concern to those to whom they have given their summer vacation time.

These are our future leaders and, may I say? no longer worry about what our world is going to be like.

With these young people, with such wonderful attitudes and willingness to sacrifice for those less fortunate than themselves, we can rest our fears. They are terrific.

May I express thanks to all involved in Summersville. I sincerely hope in some way this wonderful program can continue.

Our daughter has made such progress, it would be a sin for us to discontinue and sit aside all we have seen, without making every effort to continue and simply say, "There is nothing that we can do for her."

The Illinois Junior Sports Jamboree

For the second time in its 14-year history, the Illinois Junior Sports Jamboree will be hosted by Granite City beginning this evening.

Nearly 500 boys and girls aged 10-15, the "cream of the crop" from 40,000 entrants in 205 local meets and 10 regional contests, will compete at the high school athletic field Friday and Saturday, with trophies to be awarded in the school auditorium by Jaycees and the Illinois Youth Commission. Baseball Hall of Famer Stan Musial and other celebrities will be present for portions of the jamboree festivities.

In addition to being a lot of fun for those who take part, the yearly competition reaches children at an earlier age than many of the competitive sports, spotlighting the value of healthy living habits, sportsmanship and self-discipline and providing wholesome incentive.

Youngsters can go all the way to the state finals without cost to them, and they find the same kind of democracy that prevails throughout the U.S. sports world—it's not who you are, but how skilled and dedicated you are to attaining athletic excellence.

The high school and Coolidge junior high school gymnasiums already are beginning to fill with jamboree competitors, and motor hotels in this region are becoming jammed with parents and spectators. There also will be much local interest in viewing the 41 track and field events, which will test running, jumping and throwing ability at each of three age levels.

The 1966 state jamboree was a success from every standpoint, and there are equally high hopes for 1969. This community extends a warm welcome to all who have journeyed here to participate or to watch.

Register by Aug. 22 for Constitutional

Convention Non-Partisan Primary Voting

Due to the timing of the Illinois constitutional convention non-partisan primary election Sept. 23, a late voter registration deadline looms ahead. Those not currently registered must do so by Friday, Aug. 22, in order to be eligible to vote on the nine who are seeking to become convention delegates.

The delegates will write a new state constitution to replace the one that has been in effect for a century, since 1870. Since their handiwork may be approved after eight or another hundred years, the importance of their efforts and of voter participation—is obvious.

LACK OF PATRIOTISM

COULD BRING DOWNFALL

To the Editor:

As apathy and a feeling of "Who cares?" seem to be the dominant thinking today of most of the Roman empire, citizens, it might be enlightening to consider the course we are heading for, which apparently is similar to the downfall

of the Roman empire. On Memorial Day and July 4th, if you would look up and down the streets of the city, you would find very few American

citizens, it might be enlightening to consider the course we are heading for, which apparently is similar to the downfall of the Roman empire.

New Drainage District May Be the Answer;

Might Take Either of Two Potential Forms

Formation of a new drainage district to fight stormwater problems in Granite City and Nameoki township is an interesting proposal. It would involve cooperation between officials of the two governing bodies and citizens of the local neighborhoods lacking adequate drainage. It perhaps could make use of the detailed sewer planning already carried out here in recent years, and would have the advantage of transcending restrictive boundary limits.

It may be that a question of overlapping jurisdiction will arise, since the area under discussion is a part of the East Side Levee and Sanitary District. With its existing boundaries, the levee district probably is no longer a viable entity for sponsorship of new projects; it does not have the funds to match state or federal expenditures, nor do Quad-Cityans have numerical control of its policies and actions.

Since additional drainage is badly needed, some form of remedy should be sought. If a new drainage district runs into legal snags, perhaps new thought will be given to splitting the existing levee district along the Madison-St. Clair

avenue line. This would not be necessary to divide the present bond debt and to work out a cooperative agreement for joint use of ditches that extend into both counties.

Starting with a clean slate, the resulting Quad-City drainage district might well enjoy sufficient taxpayer confidence to enable it to proceed on a constructive, positive basis, achieving drainage solutions at fair cost.

This kind of agency or a Granite City-Nameoki township district would be well worth the effort. Putting off unpleasant chores "until tomorrow" just doesn't work. It was proven again this year—the summer when "the rains came" to the Quad-Cities.

River Festival Concert Series a Unifying,

Inspiring, Enjoyable Experience for All

The Mississippi River Festival, already nationally known after its first season, united the Missouri and Illinois portions of this metropolitan area in ways never before achieved, an amalgamation which was inevitable and which should be encouraged now that it has begun.

That an evening or a lifetime in Illinois can be enjoyable and inspiring was proven by the 1968 St. Louis Symphony Orchestra and 12 presenting popular or folk music. The tent accommodations were well planned and executed and managed, with near-perfect acoustics and plenty of cool air from fans at intervals.

Although a \$150,000 deficit was incurred (\$100,000 by the university and \$50,000 by the orchestra), this had been expected for the initial season. The deficit was not a disaster, but on occasion exceeded what its home, Powell Hall, could have handled. Non-classical entertainers drew thousands who, in turn, topped the St. Louis Municipal Opera attendance record, spreading out over a vast grassy hillside.

Essentially a Missouri endeavor, the Symphony Orchestra attracted 60% of its summer patrons from Illinois while playing a "solid schedule" little different from that selected for its winter performances; there was no resort to the light, "show business" tunes sometimes chosen by major orchestras for open-air audiences.

Not only was there much interest in the classical music, Illinoisans despite doubts that this would be true, but the geographical setting also proved convenient and attractive to those from out of the state; Missourians made up 45% of the audience at the festival.

The Mississippi River Festival was one of the finest occurrences in the history of southwestern Illinois. The SIU board would be fully justified in authorizing it to be held again next summer.

New Illinois Anti-Pollution Laws

Among Most Stringent in Nation

(Tri-City and Illinois Bar Associations)

New legislation increasing the state's power to act against air and water polluters gives Illinois one of the strongest pollution control programs in the country.

One of the new laws enacted by the 76th General Assembly this year authorizes the attorney general to bring mandamus or injunction proceedings to stop pollution without waiting for the outcome of any administrative proceedings already instituted against the polluters.

This means that the state may legally close down air and water pollution sources even though administrative action against the same offenders is pending before the Air Pollution Control Board, the Sanitary Water Board or other administrative agencies.

Penalties for water pollution are stiffer. The maximum overall fine is increased from \$200 to \$500; the daily fine goes up to \$200 from \$100; and the possible jail

sentence is increased to six months, rather than 30 days. Similar penalties are provided for air pollution.

Still another law gives the attorney general power to enforce pollution standards in Cook county where previously the Chicago Sanitary District and the Cook county and Chicago air pollution boards had sole jurisdiction.

The 1969 legislature also enacted a law designed to curb pollution by pesticides. Sponsors of this new law were concerned most specifically with the use of "hard" (chlorinated hydrocarbons) pesticides in the Lake Michigan water-shed.

Such pesticides which find their way to the lake after being applied to combat insect disease and mosquitoes purportedly have killed thousands of game fish.

The new law empowers the Department of Agriculture director to propose and enforce regulations concerning the labeling, sales and use of such pesticides.

Any persons manufacturing beer or whiskey will face a charge of violating the federal dry law, if the U.S. attorney's office holds that the sale of any liquors or beers containing over one-half of one per cent alcohol is illegal.

Examples of Washington "jockeying" being cited include committee meetings at which there was talk of "maladjustments coexistent with problem areas . . . alternative but nevertheless meaningful minia . . . utilization of factors which in a dynamic democracy can be channeled into both quantitative and qualitative phases."

Nine miles of dirt streets here were given two coats of tar base material with a covering of crushed stone.

Flags being flown by the population, including veterans, who should be the most patriotic citizens and should be leaders in displaying the flag on all occasions.

What one aptly will do to a great land. The most powerful of ancient civilizations was that of Rome. The Roman empire dominated the Western world for 1000 years, almost five times longer than there has been a United States.

The might of this empire was built upon dynamic leadership, free enterprise, strong nationalism . . . love and respect for one's own country, rugged individualism, and exceptional personal pride.

The empire began to totter when these cornerstones of power began to crumble. Outside the boundaries of the Roman empire, poised to engulf the empire, were hordes of the uncivilized world. They had been waiting impatiently for signs of internal

weakness that would herald the beginning of the collapse of the greatness that was Rome.

The weakness began to manifest itself in various ways. Dissenting factions, bent upon their own selfish interests, placed personal greed and ambition above their love for country.

Excessive taxation was brought about by waste and extravagance. The masses became more and more dependent upon a government debt.

Internal moral decay . . . which could destroy us. The one who will take the time to review the causes of the downfall of the mighty Roman empire will be amazed by the identical parallel events in present-day America.

Can't we learn anything from the lessons of history?

The idea is to become aware of the other persons through touch and other forms of direct contact. Classes offer are conducted in the nude. "Sensitivity training," Jones said, "is a powerful form of Pavlovian conditioning by which sexual-emotional types of response can be substituted for intellectual consideration of any issue common to the group, developing a surge of animistic mob response."

This conditioning, he stresses, has been developed "by the Communist forces, who apply these techniques to control of group behavior."

Many of those interested in sensitivity training and its group dynamics are well-instructed.

They believe these emotional responses can be applied to increase a feeling of solidarity and love in the anti-war movement and to generate similar feelings of affection and admiration among differing people.

Jones warns, however: "To the extent we begin to feel that we are being manipulated by barbarians in the 20th century as the Roman empire was manipulated by barbarians in the 1st century, we have been engendered within your own country by your own institutions."

"Your republic will be fearfully battered and laid waste by barbarians in the 20th century as the Roman empire was battered and laid waste by barbarians in the 1st century, we have been engendered within your own country by your own institutions."

Pavlov Group Response Used to Persuade Youths—Impatient Over War and Poverty—to Forego Intellectual Evaluation and Develop Hate for U.S.

(Last of four articles by Robert Betts dealing with the activities of Communists in campus and youth disturbances, placed in the Congressional Record by U.S. Senator George Murphy of California.)

"The greater political awareness the modern generation has, the more it is alienated by the principle embodied in the university's charter that the university and its subdivisions are to be 'free from political influences.'"

"It is members feel critical of society, condemning poverty, racism and war as weaknesses which they are impatient to correct."

"Many are ready to protest and demonstrate without Communist coaxing."

"A small but determined group had been working to undermine the Berkeley, Calif., university's academic structure and 'politicize' it long before the 1964 outburst over 'free speech.'"

"In 1957, a small student coalition called SLATE was formed to gain the political advantage by claiming to utter their extreme political views in the name of the 20,000 registered students."

"[Its platform was] that the student government 'should take stands on national and international issues'—contrary to the principle embodied in the university's charter that the university and its subdivisions are to be 'free from political influences.'"

"SLATE was defeated. After repeated defiance of authority, it became an off-campus organization, continuing to press radical demands. Communists took leading positions."

"In the summer of 1964, SLATE issued a manifesto calling for revolution. The campus was to match and support political revolution in the world."

"It urged students 'to begin

an open, fierce and thoroughgoing rebellion against the status quo, start a program of agitation, petitioning, rallies, etc., in which the final resort will be to civil disobedience."

It exhorted them to "organize and split this campus wide open" of "the university's political structure and 'politicize' it long before the 1964 outburst over 'free speech.'"

Salvaging of Refuse Done Mostly by Hand

(Twelfth of a series)

Potential advantages of salvaging materials from mixed municipal refuse include the possibilities of deriving revenue from sale of the salvaged materials, and a reduction in volume of the materials to be disposed of by other means, engineers Homer & Shiffrin report.

A third potential advantage is the conservation of certain natural resources.

The heterogeneous nature of raw municipal refuse, and the wide range of sizes and shapes of its components, preclude mechanical separation of most of the reclaimable materials.

Separation By Hand

All of the existing disposal processes dependent to a degree on component separation therefore employ hand-picking as the most practical way to salvage materials like corrugated cardboard, other reclaimable paper materials, rags and glass.

Mechanical processes, such as magnetic separators, screens and ballistic separators, are sometimes used to supplement hand-picking.

The only applications of the salvage process in the U. S. at present are those associated with other processes, such as composting. In such cases, separation of components is necessary to prepare the remainder for further processing.

Wisconsin Proposal

One private enterprise recently proposed to construct a salvaging plant for the refuse produced in Milwaukee county, Wis., with the non-salvageable materials to be hauled by rail to a disposal site 300 miles distant.

Fluctuating markets for salvageable materials, and the relatively high costs of the labor required to separate reclaimable materials to prepare them for shipment and to transport the materials to their destinations, all combine to detract from the potential profitability of salvage.

The most realistic appraisals of salvage profitability indicate it to be, at best, an operation of doubtful economics, to be entered into only if firm and continuing markets exist for the salvaged material.

Because of the marketing aspects and the present practice of handling salvaged material through brokers, the application of salvage in a municipal refuse disposal operation is particularly doubtful. It would appear to be more practical as a privately financed and operated enterprise.

Use of Mechanization

Application of the salvage

process on any reasonable scale requires mechanization, including:

1. Dumping the raw refuse from collection trucks into a hopper or bin.

2. Transporting the raw refuse by means of conveyor system to picking tables, usually consisting of slow-moving flat belt conveyors.

3. Hand-picking salvageable materials from the refuse and separating the salvageable components.

4. Processing the salvageable materials for shipment. This could range in complexity from merely depositing the materials in tote boxes to a sophisticated system of shredding and baling materials preparatory to shipment, or to a chemical preparation process for certain metallic components.

5. Shipment of salvaged materials to their destination.

6. Loading of non-salvageable materials in vehicles for transport to a disposal site.

7. Disposal of non-salvageable materials, usually by sanitary landfill.

Multiple Handling

It is apparent that the process requires multiple handling. Although there would be less volume requiring ultimate disposal, the handling costs detract from the economy that otherwise could be expected.

Depending on the percentage and type of material salvageable, some reduction in the required landfill area would result. Over all costs of any such system, therefore, must include the capital and operating costs of salvage operations as well as costs relating to later disposal of what is non-salvageable.

There are two glass container manufacturers in the Madison, St. Clair and Monroe counties area. Both indicated that the only glass cullet presently used in their processes, other than that resulting from their internal operations, was the relatively small quantity returned from certain of their customers.

Raw Materials Plentiful

One said that since its internal operations produced enough cullet for its use, it had no interest in buying glass from refuse. There apparently is no concern on the part of manufacturers over possible depletion of basic raw materials in some areas, such as sand, limestone and soda ash.

The second firm was interested only in brown glass and it would have to be free from aluminum, such as is used in some labels and on snap-type threaded bottle caps, part of which remains on the bottle after being opened.

Two local plate glass manufacturers had no interesting in buying cullet.

Alton Boxboard Co. consumes about 25,000 tons of reclaimed paper monthly, of which 15,000 tons is old corrugated board and newspapers.

None of these reclaimed materials are believed to have passed through normal public refuse collection processes.

Total national production of paper production is over 50 million tons yearly, about 11 million tons of which is reclaimed materials, 65% of the reclaimed being old corrugated board and newspapers. The increase is 3% yearly, with the reclaimed material expected to total 15 million by 1975.

Timber Shortage Possible

Timber growth available for paper production may equal the demand by about 1980, with an increasing shortage of such timber thereafter. If this occurs, there obviously would be an increased demand for reclaimable paper materials.

Specifications are flexible as to moisture content, but the material must be relatively clean, with no wax or plastic film on the surface. Magazines are unsatisfactory because of contaminating printing ingredients, nor are paper cartons with waxed paper or polyethylene liners suitable.

Most of the reclaimable paper is handled through paper stock packers who inspect the material, segregate what is unacceptable and bale the rest for shipment to paper mills. It may or may not be shredded before baling.

Purpose of shredding is to achieve greater bale density for shipping economy. Where shredding is done, it is usually by means of hammer mills. Bales are normally 1000 to 1200 pounds and not less than five feet long; some, formed with special equipment, weigh as much as 2000 pounds.

Prices per ton are \$14 to \$15, paid by packers, and \$20-\$25 at paper mills.

A new deinking process has created an added demand for newspapers in some areas. A mill price of up to \$35 may still permit the de-inking process to be competitive with mills utilizing wood pulp.

Present sources are commercial and industrial enterprises generating large quantities of corrugated board, and churches and other agencies collecting old papers from residential areas.

Sp4 Johnnie P. Watson Receives CIB in Vietnam

One of the Army badges that soldiers wear with special pride is the Combat Infantryman's Badge. It was awarded to Specialist Four Johnnie P. Watson near Pleiku, Vietnam.

Sp4 Watson, 19, son of Mr. and Mrs. Johnnie R. Watson, 1687 Market street, is assigned as an assistant machine gunner with Company C, 1st Battalion of the 4th Infantry Division's 56th Infantry. Five Area Students to Take Part in Prize Play

Five area students will participate in Peter Weiss' prize-winning play, "Marat/Sade," Aug. 13-16 in the Communications building theater at Southern Illinois University-Southwestern.

Winner of the New York Drama Critics Circle award and the Antoinette Perry award as the best play of the 1965-66 season, the play's full title is "The Persecution and Assassination of Jean-Paul Marat as Performed by the Immatés of the Asylum of Charenton under the Direction of the Marquis de Sade."

Beverly Scroggins of Granite City will portray the role of Charlotte Corday, Marat's assassin.

Others are Rogers Davis of Venice, singer; Patricia Dinoff

of Granite City, rehearsal accompanist; Thomas Ray of Granite City, patient; and Mirilla Zaganelli of Granite City, musician; percussion.

"The play has great historical and political importance and great relevance to contemporary issues," according to Jerome Birdman, who is directing the performance. "This is the largest cast we have ever had in a University Theater production. It is also the most talented group I have ever worked with here."

Performance will begin at 8:15 p.m. on Wednesday through Saturday, and a matinee will be presented at 2:15 p.m. on Saturday, Aug. 16. Admission is free, but reservations should be made by calling Marilyn McKee at 692-2771.

Two Alton Attorneys Named to State Posts

James Heil and Samuel L. Xanders, lawyers who maintain offices in Alton, have been named as special assistant attorneys general to represent Atty. Gen. William J. Scott's office in the handling of public aid cases in Madison county.

Heil was admitted to the bar in 1961. He served as assistant state's attorney of Madison county from January 1967 to November 1968.

He served in the U. S. Infantry from 1957 to March, 1958, then became a member of the reserves until 1964, completing his service record with the rank of first lieutenant. He is secretary of the Alton-Wood River Bar Association and is active in Little Theater and the YMCA.

Xanders was admitted to the Illinois Bar in 1955, having completed his studies at Lincoln College of Law in Springfield. He is a Marine Corps reservist with the rank of lieutenant colonel and is a member of the Kiwanis Club, Elks Lodge and various bar associations.

Boy, 13, Admits House Break-in at Madison

A Madison boy, 13, has admitted breaking into the basement of a Madison home in the 1500 block of Fifth street last Saturday night while two other boys stood watch outside the house, and also a previous break-in at the same house last April 2, Madison police reported Tuesday.

Police said the boy, who was questioned Tuesday by juvenile officer William Fannin, told them he took a tape recorder from the basement which he entered last Saturday night through a basement window, and later sold it to a neighbor for \$20.

When he entered the house through the same window last April, the boy told officers, he took about 25 pennies. The case was referred by police to the Coordinated Youth Services.

Wilimzig to Head Area Fund Drive For Scottish Rite

Appointment of the four associate chairmen who will assist in the \$1,000,000 Scottish Rite New Cathedral Building Fund, was made today by Robert B. Perkins, general chairman.

They are Roy L. Wilimzig Jr. of Granite City for Area Two to include the counties of Bond, Greene, Jersey, Macoupin, Madison and Montgomery with a membership of 1583. St. Clair county, with a membership of 2198, comprises Area One and is being headed by Theophil W. Ehret of Belleville.

C. E. Brehm of Mt. Vernon will direct the counties in Area Three with 1335 members; and Charles R. Tinsley, a native of Franklin county, will serve for the fourth area listing 1989 members.

The capital funds drive being conducted by the Scottish Rite Bodies, Valley of Southern Illinois, will involve only those members in their jurisdiction and over 7000 reside in the four area, geographical breakdown.

Wilimzig, a native of Detroit, Mich., moved with his parents to Granite City at an early age, and has resided here since then.

He was graduated from the local high school and from Washington University in 1941 where he received a B.S. degree in Electrical Engineering. Wilimzig is president of Benson-Wilimzig, Inc., suppliers of electrical and industrial equipment.

The newly-appointed chairman has participated in local charitable activities and served for three years as Madison county chairman for the March of Dimes. He also has been a director and officer of the Junior Chamber of Commerce, Kiwanis, American Legion and Elks 1063.

His Masonic activities have been numerous, a 3rd degree Mason and a life member of Alton Shrine, East St. Louis, he as a member of that board and a Past Potentate as well.

In October 1952, he was president of the Scottish Rite Class and was president of the Tri-City Shrine Club. During the same year he became a member of the East St. Louis Lodge of Perfection, Council of Princes of Jerusalem and Chapter of Rose Croix and served as an officer in the latter organization.

He also serves as instructor, senior and advisory board member for the James Stuart Chapter of DeMolay.

Wilimzig is past patron, Granite Chapter 680, OES, and a member of Granite City Masonic Lodge 877 since June 1948. During World War II, he served as a B-25 pilot.

He and his wife, the former Margaret Staples, are the parents of two children, Sharon Kay and Robert, and reside at 2010 Pontoon road.

Daughter Arrives for Mr., Mrs. John Sekora

Mr. and Mrs. John Sekora, former Quad-Cityans now living in Rochester, N. Y., are announcing the birth of a daughter Tuesday. The new arrival, whose weight was seven pounds, has a brother, Jay, three years old.

Mrs. Sekora is the former Ruth Schoeber, a daughter of Mr. and Mrs. Herman Schoeber of Granite City. The paternal grandmother is Mrs. Della Sekora of Madison.

War II Vets Need to Study GI Insurance Plan

The average world war II veteran, now 49.3 years of age, is fast approaching the higher premium hurdle of 50 if he still retains his G.I. term insurance, the Veterans Administration said today.

In most cases the higher insurance cash outlay at age 50 can be eased in a number of ways. One way is a modified life plan. If purchased at age 50, it will have a constant monthly premium of \$15.30 for a \$10,000 policy. However, when the insured reaches the age of 65, the face value of the policy is automatically reduced in half, but the premium remains unchanged.

The VA explains that many people find their insurance needs decline at or near the age of 65. However, the insured who wishes to continue the full \$10,000 of his policy may do so without medical examination by paying an additional \$3.15 per \$1000 at the age of 65. Thus, for the added \$5000 protection total monthly premiums would be \$41.65.

Another popular plan is the ordinary life where at the age of 50 the monthly premium would be \$31.20 for \$10,000 worth of protection. But with the annual dividend paid by NSLI the cost of the premium would be reduced to about \$24 a month, the VA points out.

To make it more convenient to convert from term insurance, the VA reminds veterans that if it is not possible to change the full amount of the policy a portion may be converted now and the remainder continued as term insurance, with the privilege of full conversion later on. Also available to NSLI term policy holders are 20 and 30 payment life, 20-year endowment, and endowments that mature when the insured reaches the age of 60 or 65.

Information on policy conversion may be obtained at the VA insurance office where the veteran mails his premiums. The insurance policy number and the veteran's full name and address should be included in all correspondence.

Army Nurse Corps Sets Promotion Program

The Army Nurse Corps has announced a new promotion program for newly commissioned nurses.

The program, which became effective last July 1, places additional emphasis on professional education and experience in determining the rank a new Army nurse will be awarded on entering active duty.

Under the former program registered nurses with a bachelor of science degree in nursing entered the service as second lieutenants. Now they may qualify as first lieutenants.

The new qualification system gives additional credit to professional nurses with advanced degrees and broad nursing experience and makes it possible for them to be commissioned as captains or majors.

Qualifications for a commission include being a registered nurse, male or female, between 20 and 33 years old, single or married and in good physical condition.

Each applicant's qualifications are reviewed by the surgeon general's office where a final determination is made on eligibility and rank when commissioned.

Further information may be obtained from Sgt. Rola B. Mabry, Army recruiter, at 1340 Niedringhaus avenue.

How are your ice skates spending the summer?

If they're stored in a damp basement, they'll be subjected to as much humidity as if you'd left them in an aquarium. That goes for anything you keep in the basement—appliances, winter clothes, blankets, luggage, books or tools.

A dehumidifier will protect your possessions against rust, mold, mildew and rot. On a hot, humid day it will sponge up enough moisture from the air to fill a couple of buckets or more.

And when you realize how that moisture could ruin your belongings, you'll see how a dehumidifier can soon pay for itself.

IRS Applications Due Before Aug. 31

Illinois residents who are not certified public accountants or attorneys but want to qualify to represent clients in tax matters before the Internal Revenue Service must submit their examination application before Aug. 31, 1969.

Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, said that the special enrollment examination will be given in the Springfield District Office, 325 West Adams street, on Sept. 29 and 30, 1969.

Philpott said that details concerning the examination and application forms are available at the Springfield District office and may be obtained by calling 217-525-4389 or writing to Taxpayer Information, P. O. Box 1468, Springfield, Ill. 62705.

Completed applications accompanied by a fee of \$25 payable to the Internal Revenue Service, should be mailed to the Director, Audit Division, Internal Revenue Service, Washington, D. C. 20224.

VA Orders Fire-Proof Pajamas for Hospitals

The Veterans Administration has ordered 100,000 sets of a new type of fire resistant nylon pajamas for patients in its 166 hospitals, according to Donald E. Johnson, administrator of veterans affairs.

The new pajamas are made from a commercial synthetic fiber resistant to high temperatures that has been tested at length in 11 VA hospitals.

They will provide increased patient safety in the event a fire should occur, and the new order is a part of VA's continuing patient safety program that last year brought awards in each of the seven American Hospital Association safety contest categories for which VA hospitals were eligible.

Early VA testing centered on regular cotton pajamas treated with a heat resistant chemical, but it was found the protective factor was lost through repeated laundering.

Then the VA asked several mills to develop a special "check weave" pajama cloth from a fiber known to be resistant to high temperatures.

In addition to safety value, the new pajamas were tested for comfort, durability, ease of handling, patient acceptance, washing ease, static, shrinkage, allergy reaction, odor, transpara-

ncy and clinging. Except for ease of handling (hospitals reported the garments were hard to stack) the new material received good marks.

These tests uncovered an added benefit. Although the new pajamas cost VA about three times as much as regular pajamas, it was found they last 15 times as long, and thus are more economical.

Firm Plans Open House

At New Office Building Western & Southern Life Insurance Co., which services the Quad-City area, has announced it will observe "open house" on Sunday from 2 to 5 p.m. at a new location, 233 St. Louis avenue, East Alton. The firm formerly was located in the Alton Plaza.

The new office marks the first building to be built exclusively for Western & Southern, Charles T. Leonard, district manager,

said it will be staffed by the office force of 18 agents, three staff managers and three office girls.

An Open Letter To the General Public (Regarding the Sale of Your Home)

WHO WILL YOU choose "TODAY" TO SELL
YOUR HOME TOMORROW?
(THE MOST IMPORTANT TRANSACTION OF YOUR LIFE)

Will you be a "RIVERBOAT GAMBLER" (taken from a quote by Chicago Title Co.) and choose a part-time real estate operator, who thinks so little of your home that he works at another job to make a living. Or a part time greenhorn salesman, with little or no professional knowhow. Of course he may be licensed, but remember this, you also need a license to drive a truck, sell hot dogs, or put on a medicine show.

Perhaps you will choose one of the "FAST BUCK BOYS," (an expression taken from one bitter letter or complaint). Yes the "FAST BUCK BOYS" will lead you thru green pastures, charm you with sweet smiles and big pats on the back. Yes, life will be one big bowl of cherries until you come to the closing of your deal. In fact you may wind up with a big paper profit (paper that is) but very little money, as one letter of complaint stated. When you ask what happened to all the goodies I was promised? Answer, "GONE WITH THE WIND."

Or finally you will choose NOT to take "POT LUCK" (after all its your money and you are entitled to the best) and select a "REALTOR." For more than 50 years "REALTORS" have earned a proud reputation, as the finest Real Estate Brokers in the land. They are recognized, for their professional know-how, financial stability, integrity, and high standards of conduct, as absolute "TOPS," in their profession. And as such have elevated the profession of Real Estate to a very high level of respect and trust with the general public.

This very fact has created problems for so many good people who have written in to complain, "well he was a real estate man, so I thought he was O.K." We respectfully submit again that just any real estate operator is NOT a "REALTOR" and a "REALTOR" is NOT just any real estate operator.

NOTE: A "REALTOR" always gives good service. He does NOT "play games" with you and your home. He is devoted to serving you and you alone. He has no other job to distract him, because REAL ESTATE is his business and his life.

In Memoriam

In loving memory of husband and father, FRANK L. JENNINGS, who departed this life August 10, 1968.

This day comes with sad regret. It brings back a day we will never forget. You left us without saying goodbye. But our memories of you will never die. With one so loving, kind and true, how hard it was to part with you. There's many a lonely heartache. And many a hidden tear. But always a beautiful memory of one we hold so dear. The years may wipe out many things. But this they wipe out never. The memory of those happy days.

Southwest Buying Unit Now 'National Buying'

The Southwest Buying Syndicate of which The Surplus Store here is a member has changed its name to National Buying Syndicate. It was announced this week by E. Claude Manning, president and managing director.

The syndicate, with headquarters in Fort Worth, Tex., has warehouses in San Jose, Calif., and Nashville, Tenn. It started in 1956 with only four members in three southwestern states and today is one of the largest buying groups of its type in the world, specializing in sporting goods and related items. Membership now includes more than 130 stores in 27 states, including Hawaii, and the annual volume is in excess of \$140 million.

Earl Harris, operator of the local store, returned this week from Chicago where he visited the American Fishing Tackle Manufacturing Association's "Greatest Tackle Show in the Universe." Harris noted the trend is for metallic finish on trunks.

\$179,859 Bill List, \$54,832 Payroll Ok'd by Council

A bill list totaling \$179,859, including \$40,600 paid to A. H. Seebold Co. for sewer break repairs, and a half-month payroll amounting to \$54,832 were approved Monday night by Granite City Council members.

Other major items on the bill list were \$1082 paid to Enns-St. Louis & Interurban Water Co. for July rental on 407 fire hydrants; \$3965 to Illinois Power Co. for street and alley lighting in July; \$2670 to Research Planning & Design Associates for engineering services in 1968 and Nov. 1967; and \$1871 paid to the same firm for engineering for special improvement projects.

A. H. Seebold Co. was paid \$16,394 for curb and gutter work on Meridian street and Maple street, and S. M. Wilson Co., contractor for the storm sewer construction, was paid \$90,882. The bill list also noted payment of \$14,385 to the American National Bank & Tr. Co., Chicago, from the Nameoki area. Particular Area No. 2 sewerage fund for revenue bonds at 4% due Sept. 1. Interest amounted to \$7340 and the principal, \$7000, and there was a \$25 service charge.

The city's share of employee retirement under the Illinois Municipal Retirement Fund, 11.5% of the payroll for July, amounted to \$4994.

Food Delivery Charge

James P. Foutch, South Roxana, was ticketed at 8:15 a.m. Tuesday at 23rd street and Washington avenue on a charge of having no food delivery license.

Drainage Flow Off Nameoki Rd. North of GC under Study

Engineers of the city and state highway department are to get together to determine the better method for draining Nameoki road from Morrison road south to the city limits.

Mayor Parney advised Granite City council members Monday night that the state is anxious to make the arrangements prior to award of a contract next spring for widening and improving the five-mile distance between the city limits and Mitchell.

The mayor explained the state was planning to run a 24-inch drainage line along Primrose avenue to the Nameoki area storm water drainage ditch, while the city's 1961 master drainage plan shows the flow of surface water in the opposite direction to a ditch that would empty into Chouteau slough.

City Changed Size

The initial request for the drainage line was made by the state highway department in 1967, but the city had other plans—requesting a 60-inch line along Primrose to drain the entire area. The added cost would be borne by the city—would amount to \$15,000.

Since much of the residential area is out of the city limits, the city asked Nameoki town-

ship to pay a share of the added cost and was turned down and no further action was taken.

During Monday night's meeting, several aldermen complained that even though drainage from the highway south to the ditch could be beneficial to that area of the city and Nameoki township the added water "all the way from the old White Swan at Morrison road" could overtax the ditch and cause it to overflow its banks.

The engineers are to consider this factor during their meeting.

Partney also pointed out the state highway department would include in the Nameoki road bidding the improvement of flow of surface water in the opposite direction to a ditch that would empty into Chouteau slough.

He added that at least five of the property owners have indicated they would be willing to sell parcels of their lots to drain and improve West Pontoon road, but that two others may not. He said former assistant city attorney Leo Konzen has much of the needed data.

Alderman Robertson said he would look into the matter.

Alderman Green, later in the

meeting, called for award of a contract for installation of a sidewalk along the south side of Pontoon road from the railroad tracks to Briarcliff avenue—a distance of 225 feet. He said the cost figure was \$960, and that the sidewalk is needed for school children now forced to walk in the mud.

Debate on Sidewalk

Mayor Parney said the sidewalk would be included in the state's plans for improvement of the roadway and the city could save that amount of money.

Need for the sidewalk before the start of the fall term of school was stressed by Alderman Robertson; but Whitmer questioned the use of general tax funds for the project when motor fuel tax funds would be available that "would give the little taxpayer a break."

Parney said he realized the need for the walk but wanted to know if it was budgeted. "It seems that it should have been listed with the special improvements on the budget, and I and Morlen. Opposing it were Rudage, Whitmer, Parney, Jarrett, Schuler and Boker. "If you can show me where along with Mayor Parney.

Submariners Holding National Convention

Submariners from 40 states are meeting today through Sunday at their sixth national convention in Quincy, Mass.

Capt. George Street III, Congressional Medal of Honor winner, will be the guest speaker at a banquet on Saturday. A reunion is planned for officers and men who served on the Navy staff of the University of Illinois signal and diesel schools at Urbana from April 1942 to September 1945. Those interested may contact Ray Tempone, Jolly Roger, Urbana, Ill., or K. O. Walkington, dental department, Great Lakes, Ill., 60088.

Alderman Robertson replied that \$40,000 was set up in the street department budget for sidewalks and curbs.

Parney noted the \$40,000 is listed for "repairs to sidewalks and curbs and not for new sidewalk construction."

8-to-6 Vote

In a roll call vote, the tally was 8-to-6 and Mayor Parney then voted "nay" to defeat the proposal. Poulos declined to vote and Nonn was absent.

Voting for the sidewalk were Basarrich, Boyd, Dallas, Moerli, Robertson, Green, Dawes, Rudage, Whitmer, Parney, Jarrett, Schuler and Boker, along with Mayor Parney.

Charter Granted to World War I Veterans

A not-for-profit corporation charter has been granted to the Department of Illinois, Veterans of World War I of the U. S. A. by Paul Powell, secretary of state. Named as officers were Russell Rindlemann, Harry Lock and Arby F. Woods. The correspond is William G. Breidenbach, 13 Eduardo drive, Granite City.
